Shabby Chic

Basic colors such as white, ecru, beige and soft pink create a soft base. Accessories like chandeliers, decorative cages and wooden furniture attract all the attention and become eye-catchers. Luxurious velvet fabrics, a statement clock, candlesticks and beautiful crockery make this style completely Shabby Chic.

Rustic Easter

A peaceful style that radiates authenticity. With elements that remind us of our childhood. The use of wood, soft colors - in both accessories and tableware - and beautifully designed textiles give this style everything we are looking for in a warm Easter atmosphere. Rustic but atmospheric.

Christmas Pastels

Christmas with a modern twist. Soft pastel colors, lovely statues and figures and beautifully set tables offer a brand new variant on traditional Christmas. Colors such as snow white, winter blue and soft pink form a calm base. With decoration in the same tones, this style keeps its mellow appearance, but also creates the ultimate Christmas feeling in a less traditional atmosphere. Let's go pastel!

Tiffany Geometric

Geometrical designs became very fashionable during the Art Deco period. Typical is the use of symmetrical, cohesive patterns which are used repeatedly throughout the designs. Some designs have different pieces of striking colored glass, whereas other designs are more detailed and vibrant. The use of contrasting and striking colored glass is typical in this style.

Our design process

Designing, producing and selling textile series has always been a very important and large part of Clayre & Eef. Our designs are completely hand drawn and painted. These prints are digitally made into different patterns. The result is a completely new series that will be produced on high quality textile. We are very proud of this beautiful craftsmanship. It's a nice thought that our textile series add warmth and pleasure to the interior of our customers.
