SLIM CYCLING JERSEYS

UVP: 89^{90€}

 MINDED ref. 51110151

 SLATE ref. 51110152

This is a very special jersey if you like a personal along with **classical style**. This design includes **drop shoulders' sleeves** thinking of all those who love classical clothing.

It also has an **elastic band on cuffs and waist**, as well as an **anti-rubbing zipper underlay panel** on the top and bottom of the zip, to prevent skin irritation.

The fabric used inside the jersey is absolutely **smooth and provides a pleasant touch** in addition to comfort and a **warmth feeling**. It is ideal for cool weather. Together with a **breathable fabric on both sides** of the jersey and the back too, makes it perfect to keep you dry.

The collar is made of a soft breathable fabric. This jersey also has **reflective details** on the back to make you stay visible while riding your bike.

COMFORT TEMPERATURE

+4 to +16 °C

US10 FABRIC

SCUBA CYCLING JERSEYS

UVP: 89^{90€}

 MINDED ref. 51110153

 SLATE ref. 51110154

This jersey has a unique and differentiating style. It is a casual style jersey boosted by adding **ranglan sleeves** to that casual pattern.

What is innovative about this design is that it has a wide and soft elastic band on cuffs and waist. We have added a **zipper underlay panel on the top and bottom of the zipper** to make sure we prevent rubbing or skin irritation.

The jersey's **inner layer is soft and provides a pleasant touch as well as comfort**, which makes it ideal for cool weather. It combines this inner layer with a **breathable fabric on both sides** and the back as well, making it perfect to keep you dry while riding.

The collar is made of a soft breathable fabric. This jersey also has **reflective details** on the back to make you stay visible when riding your bike.

■ OCRE ref. 51110161

■ KAKY ref. 51110160

■ BLACK ref. 51110162

This is a **premium long-sleeved jersey**. It is a really original and elegant design which includes aerodynamic sleeves.

The small golden details on it, as well as an **ergonomic and aerodynamic design**, make this jersey quite different from the others. The stretch fabric to shape your body truly **feels like a second skin**, having the capacity to perfectly adapt the jersey to your body.

The fabric used on the front and the back of the jersey makes you feel comfortable and warm. It is combined with a breathable fabric on both sides of the jersey, sleeves, and neck too, which helps keeping you dry all the time.

This jersey also has **reflective details on the back** to keep you safe, so it makes you visible while riding.
