

# 13th congress of the ECSVD

European College for the study of vulva disease  
September 10 - 11, 2020

## SCIENTIFIC PROGRAM

# HPV

*Beat its silence.*

## Cervical cancer patient management supported by Roche's cervical cancer portfolio

### SCREEN

Reliably identify women of highest risk for developing cervical cancer with the **cobas® HPV Test**.<sup>1</sup>

### TRIAGE

Objectively identify disease using the **CINtec® PLUS Cytology** test, which provides a supportive answer to women with a positive HPV test result or who are in need of more intensive aftercare.<sup>2</sup>

### DIAGNOSE

Offer your patient an established and precise diagnostic solution using the **CINtec® Histology** test.<sup>3</sup>

Dear colleagues,

as the corona virus continues to spread and we will have to face travel restrictions also in the near future, we have decided to set up the 13th congress of the ECSVD as a virtual meeting.

We look forward to an exciting and stimulating scientific program and hope that you will join us online this time.

Looking forward to welcoming you online soon!

Elmar Joura  
President ECSVD 2018-2020

Ulrika Hedding  
Secretary
