

Dear Engaging Vitality Friends,

We are happy to announce details of our upcoming **review weekend in Munich, July 8-gth:**

2 days of review, deepening und inspiration with Rayén Antón and Ferdinand Beck.

Saturday:

Review of basic techniques like Shape of Qi, General Listening, Yang Rhythm, Qi Signal Assessment, Local Listening, Channel Evaluation, Transient Opening and integrating those into the flow of a treatment, Layer palpation to appreciate the depth in Listening.
Channel Selection to differentiate connections of the channels to the respective layers.

Sunday:

Following up on the Saturday practice: revisiting the Morphology, working with layer palpation to identify the location of the restriction/layer of disturbance and using the Ba Mai to address it.

Shape of qi needling: with and without insertion. Putting it together with layer palpation.

Different qualities to be found in QSA, cross reference with layer palpation.

The teaching and practice sets will be adapted to individual levels of experience, please let us know where your needs and interests are.

Students who paused to practice EV are also very welcome to join and reawaken their skills.
