### **Agenda and minutes:**

#### **Tuesday 2nd Oct. 2018:**

#### **1. Logo project (Landgraaf)**

**A professional designer created three logos which can be used for the project. The second one will be chosen, but the compass including the symbolic flag from orienteering has to be added.**

#### **2. Planning short term exchanges, fixing dates 2018-2019**

**Dates short term exchanges Landgraaf - Aguilar de Campoo:**

- **First leg: 10th – 15th Feb. 2019**
- **Second leg: 31st March – 5th April 2019**

**Dates short term exchange Übach-Palenberg - Newport:**

- **First leg: 10th - 15th Feb. 2019**
- **Second leg: 12th-17th May 2019**

#### **3. Website project with help from the technical department (Übach-Palenberg)**

**Results will be sent in to Jessica.**

#### **4. Use of eTwinning / communication plan (Übach-Palenberg):**

**Way of using:**

- **We create a gmail-account just for the project, everybody sends the materials to this account after sending a whats-app to Jessica. CMG will take care of uploading in eTwinning.**
- **Moodle will be used as well**

## **5. Questionnaires / Evaluation (Landgraaf)**

Questionnaires for hosted students, host students, host parents and teachers in general will be prepared by Landgraaf

## **6. Agreements financial management:**

Visiting school pays for the excursions, activities, transport and hotel for teachers

Wednesday 3rd Oct./ Thursday 4th Oct. 2018:

### **1. Practising the different sports including the original rules on Wednesday morning:**

- Korfball with the help from students from I.E.S. Santa Maria la Real (8:30-9:00)
- Ultimate frisbee with the help from students from I.E.S. Santa Maria la Real (9:00-9.30)
- Cricket with the help from students from I.E.S. Santa Maria la Real (9:30-10:00)
- Orienteering (10:00-10:45)
- Break
- Paddle-tennis (11:15-12:00)

### **2. Creating and working on assignments for students on Wednesday and Thursday afternoon: “What to do before, during and after exchanges!” Deadline for sending in final results 1st November!**

#### **Before the exchange:**

First we start with a questionnaire about the sport and its classification (Paula and Martijn).

Both groups need to know about history, description, used materials, space and rules of the sport. Host students have practised the sport that will be brought in and have already done orienteering in their own school.

Using Google Earth before makes students familiar with orienteering: how to make and use maps (Martijn).

#### **During the exchange:**

Practising, analysing and adapting the rules for gender inclusion. Students work together in an international context and compare their results (Tim).

Which rules would they change? Besides that all students write a diary!

#### **After the exchange:**

Creating a page of a digital news paper including the sports with the adapted rules. Finally everybody sends the results to Jessica to be uploaded in Moodle Classroom, we all use the same form to work in.

### **3. Program / contents short term exchanges:**

Possibilities: Cultural trips, visiting a sports match, orienteering, practising sport brought in, on Friday evaluation and finishing products

**Foreseen problem because of the new privacy law:  
What about taking and publishing photos and video  
materials? How to solve this...?**
