Dear people with diabetes, dear healthcare providers, dear citizens,

In recent weeks and months, we have seen several challenges and natural disasters in countries such as Syria, Turkey, Ukraine and most recently in Libya and Morocco.

The European Diabetes Federation (EUDF) is committed to support people with diabetes and, under these dramatic circumstances, we want to express our closeness to all people with diabetes who are now experiencing further concerns about their condition and to their health care providers for their generous dedication.

We call on our Members, Supporting Collaborators and network to support these countries and communities and would like to refer anyone wishing to contribute in any way to the dedicated national or international organizations such as:

International Committee of the Red Cross: <https://www.icrc.org/en/support-us>

WHO Emergency Funding: <https://www.who.int/emergencies/funding>

With our sincere support and solidarity,

Stefano Del Prato, chair EUDF
