KITESURFING CONDITIONS

Punta Chame is Panama's main kitesurfing location and becoming more popular each year. During the dry summer months (Dec.-April), the northerly trade winds bring mostly consistent winds. Between January-March we get many days when it is windy all day. On the weaker days we usually still get wind in the mornings and evenings. Summers are hot in Panama and water temperatures are pleasant, you can wear board shorts and bikini or a shorty wetsuit. The main kite beach in front of our villa is a giant sandy beach with a cross-on shore wind direction which makes it a very safe place to kite. There is a significant tidal movement over the course of the day - during high tide we loose most of the beach for a short time - kitesurfing is only possible for very advanced kitesurfers during that time. There are a few lagoons downwind from the main beach which are best at mid/high tide. We organize downwinders to the river mouth, approx. 7km from the town with wild landscapes and flat water sections. Around full and new moon each month, the Chame Bay becomes a world class flat water paradise for a few hours each day. Huge sandbars form in front of one of the islands and the whole spot turns into a kite heaven. We take a boat or kite 3km upwind from the main beach. We have a few weeks with jellyfish and there are rays living in our bay - not a big problem but feel free to ask us for more details!

LEARN KITESURFING WITH US

Punta Chame is the perfect place to learn kitesurfing, with its 5km long sandy main beach and cross-on shore winds, mostly between 12 and 24 knots. We teach you in a safe way, in private or semi-private lessons including headsets to stay in contact with you at all times. The first 1-2 hours are spent on the beach with the newest technology soft kites which makes learning safer and easier. As soon as you can control the kite, we hit the water with a tube kite, learn to move with the kite through the water before we finally start with the board. There are some rays living in our beautiful bay which can sting you in case you step on them. For this rare event, we use boots in our lessons. As soon as we are riding and not walking anymore, we can leave our shoes outside and usually have no issues with them.

PRICES:

Privat lesson 80\$/hour

Partner lesson 100\$/hour

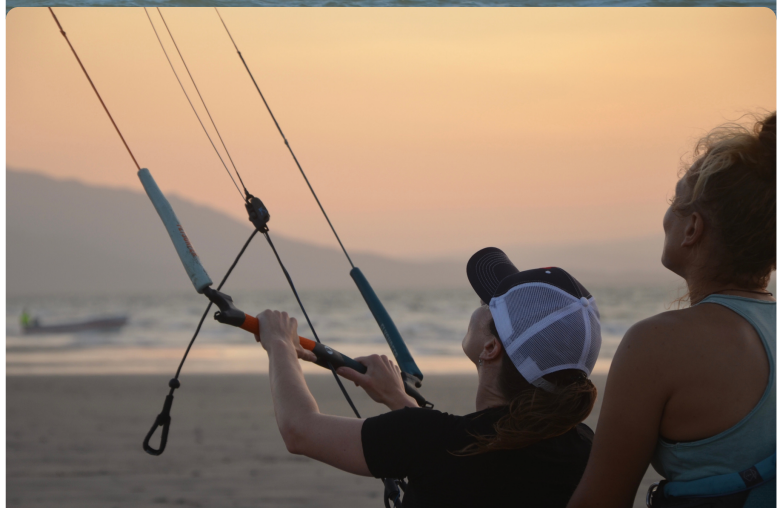

8 h Course 550\$/person

What is included?

All kitesurfing equipment, private international or local certified instructor or guide, headsets for board start and all advanced lessons.

FUN ACTIVITIES

Panama has a lot more to offer than 'just' kitesurfing. There is a lot to explore around town and on many different day trips we can organize for you. Discover the beauty and culture of this beautiful piece of earth.

You can visit one of the islands to swim in crystal clear waters, watch dolphins and birds nesting, go fishing with a friendly local, release baby turtles from one of our rescue projects on our south beach, visit our famous canyon to escape the midday heat, go on one of our morning hikes to have the best views of the area or visit waterfalls and other natural wonders close by. There is also a very consistent and fun beach break for wave surfing only 15 minutes away by car.

If you want to discover more places around Panama, we would love to give you our recommendations and help you plan your perfect holiday.

LIFE IN TOWN

Everyone in town is relaxed and friendly - you can walk around freely at any time. The best way to get around is to walk on the beach (not possible at high tide) or to take a bike. There is no ATM (30min by car) so bring enough cash. In most places you can pay with card but better to be prepared.

You will find various options to buy food and to eat out around town. We would like to encourage you to try everything the town has to offer. There are two small supermarkets in walking distance and different trucks that sell vegetables, fruits, bread and fish 1-2 times a week. Visit us in our HAPPY CORNER Bar & Restaurant to enjoy some local and international drinks and meals, to meet other travelers and locals and to have drinks, music and good vibes in the evenings. We welcome you to join our special events like live music, karaoke night, dinner at a local family, barbecue night in our villa and many more...

Meet your Hosts:

We are two German sisters from Hamburg who fell in love with Panama a few years back. Kathi arrived in 2017, working in tourism and later teaching kitesurfing. Janina realized shortly after her first visit in 2018 that she needed to change her life as well. During the pandemic we built and renovated our Happy Corner Bar & Restaurant & Kiteschool and opened in September 2021, making our dream of living together in Panama reality. We hope to make you fall in love with our now called HOME!
