

## Student Job for Marketing (m/f/d)

Tauri industries GmbH is a rising, innovative company with almost 15 years of experience in aircraft manufacturing and design. During the last years historical replica biplanes have been built and delivered to a wide community of aviation enthusiastic customers and small enterprises. Now, Tauri industries set the focus on the innovative and globally growing unmanned aviation market to provide a fully autonomous UAS designed for multiple missions, including intelligence, surveillance and reconnaissance.

The next generation aircraft system, currently under development, is aimed to make the world more connected, safe and smart for a global networked future. With profession and teamwork culture, we design innovative aircraft systems and respond quickly to ongoing changes in the emerging aviation industry. Therefore, we aim to reinforce our team - on the ground and in the sky - within the field of software technology and autonomous flight.

### Your tasks:

- Implementation of a corporate identity
- Design, expansion and maintain the website and different social media platforms
- Prepare branding material (e.g. advertisements, presentations, posters)
- Support event organisation for upcoming fairs, exhibitions and other events
- Create simulations or 3D models for presentations

### Your profile:

- Currently enrolled student in marketing, product design, media or similar studies
- Creative mind and independent work style
- Enthusiastic about working in interdisciplinary and international working environment
- Experience in graphic design tools (e.g. Inkscape, Gimp, Blender) and MS Office
- Good English skills spoken and written, German or French is an advantage

### You can expect:

- Design, development and manufacturing of next generation unmanned aircrafts
- Flexible working conditions
- Young, dynamic and international team with flat hierarchies
