# THE THEME SONG

How the Theme song must look and sound like:

JT Music – Ooda-Booga Boogie. but different text, and in (Instrumental) style of the Theme song of Teenage Mutant Ninja Turtle series from 2003.

The theme song must have a text that will fit on the animated series of The Adventures of Crash Bandicoot, that will also be a bit based on the TMNT 2003 theme song.

**One of the changes that must be in the lyrics is the Chorus:**

**I love to be the, Crash Bandicoot  
I'm wound up like a tornado, babe  
Come save the world like a superhero  
But now's the time to watch and I'll take you to adventures with me**

*\*Instead of and Replacing: I'm wound up like a tornado, babe  
Just cut me loose and I'll go insane
