Hukagawa Shrine is called Seto's tutelary god.

It's an old shrine that is loved by local people.

It is a quiet place with calm atmosphere.

It seems to be crowded during festivals and special events.

The contrast between the red gate, the green trees and the blue sky was beautiful.

Fukagawajinja, é chamada de Seto Ubusunagami. É um templo amado por quem mora na região. Quietos e calmos, mas durante festivais é lotado. Os pássaros vermelhos, e a cor verde e o céu são lindos.
