

MESSAGE FROM  
**The Right Honourable the Lord Mayor of Brisbane**  
**Councillor Adrian Schrinner**  
AND  
**Lady Mayoress Nina Schrinner**

Today and every day, Brisbane stands with its LGBTI community against domestic and family violence.

We all have a responsibility in creating a safe community, that helps empower and support members of Brisbane's LGBTI community, to make sure they can feel safe seeking help.

Our vision for this city is to create a place of harmony, where residents from all backgrounds, religion, age, gender and identity can live peacefully together.

We would like to particularly acknowledge Ben Bjarnesen, who founded Australia's first LGBTI Domestic Violence Awareness Day and thank him for raising awareness about this important issue.
