POTOCO ITALY

Since
1919

01.

Family is our starting point

Creatività italiana, tradizione artigianale e vocazione internazionale sono i tratti distintivi di Potocco, azienda a conduzione familiare, fondata nel 1919 da Domenico Potocco a Manzano (UD).

Potocco is a family-run company founded in 1919 by Domenico Potocco in Manzano (Udine). Italian creativity, artisan traditions and an international vocation are its distinctive traits.

Da piccola bottega artigiana per la produzione di sedie, Potocco si è evoluta nel corso degli anni trasformandosi in una vera e propria realtà industriale, specializzata nella creazione di arredi per la casa e il contract, adatti sia agli ambienti indoor che outdoor. Tappa fondamentale per l'azienda, la partecipazione nel 1961 al primo Salone del Mobile in qualità di socio fondatore.

Oggi guidata da Antonino Potocco, coadiuvato nel suo ruolo dalle figlie Alice e Marianna, quinta generazione della famiglia, l'azienda è presente in tutto il mondo grazie a una solida e vasta rete di distributori e alla recente apertura delle divisioni Potocco USA e Potocco Asia-Pacific.

From a small artisan workshop for the production of chairs, Potocco has evolved over the years, transforming into a large industrial reality, specialised in the creation of home and contract furnishing, for both indoor and outdoor environments. The milestone in the company's history is the participation at the first Salone del Mobile trade fair as a founding partner in 1961.

The Company is run by Antonino Potocco, assisted in his role by his daughters Alice and Marianna, the fifth generation of the family. The company is present throughout the world thanks to a solid and vast network of distributors and the recent opening of the Potocco USA and Potocco Asia-Pacific divisions.

poltrona | armchair

Ola

La famiglia di sedute Ola, composta da sedia impilabile e poltroncina, si caratterizza per la forma dello schienale avvolgente, in tondino di metallo, che ricorda l'immagine fluida dell'onda: intrecciato a mano in fettuccia "Fly" si piega nelle tre dimensioni per accogliere il corpo umano e garantire un perfetto comfort. La struttura è in tubo di metallo abbinata ad un morbido cuscino di seduta imbottito.

The Ola seating family, composed by armchair and stackable chair, is characterized by a wrapping backrest, in tubular metal, which recalls the fluid waves' image: hand weaved in "Fly" ribbon, it bends in three dimensions to wrap the human body guaranteeing the perfect comfort. The structure is in embossed metal tube with soft seating cushion padded in polyurethane foam.

DESIGN

tavoli | tables

OTX

Versatili e dal design essenziale i tavoli OTX con gamba centrale e quattro piedini, sono caratterizzati da un piano reclinabile verticalmente in HPL, tondo o quadrato in tre dimensioni differenti, per poterli accostare uno accanto all'altro. Estremamente funzionali, sono inoltre proposti in tre altezze per diversi utilizzi: da spazi collettivi a bar, da giardini a terrazze. È inoltre proposto nella versione dining Ø128 e Ø158cm, con base in metallo verniciata e piano sempre in HPL.

Versatile and with an essential design, the OTX tables with a central leg and four feet are characterized by a vertically reclining top in HPL, round or square in 3 different sizes, that makes them placeable side by side. Extremely functional, they are also offered in three heights for different uses from collective spaces to bars, from gardens to terraces. It is also proposed in the dining version, Ø128 and Ø158cm, with a painted metal base and HPL top.

Velis

Declinata nella versione poltroncina per utilizzo outdoor, con cuscino schienale incluso, Velis si presta a qualsiasi ambiente sottolineando ancora una volta la maestria artigianale dell'azienda nell'adattare i prodotti ad ogni esigenza. Velis ha una struttura in legno massello di Iroko e schienale con struttura in metallo verniciato intrecciato in cordino "Gassa" o corda nautica canapa, seduta imbottita in poliuretano espanso e rivestita con finiture e rivestimenti per outdoor a collezione.

Declined in the armchair version for outdoor use, with included back cushion, Velis is suitable for all environments, emphasizing once again the craftsmanship of the company in adapting the products to every occasion. Velis has a structure in solid Iroko wood and a back with a painted metal frame woven with "Gassa" cord or hemp nautical rope, a seat upholstered in fire retardant polyurethane foam and covered with outdoor finishes as per collection.

Vela

La famiglia Vela, composta da sedia, poltroncina, poltrona lounge, impilabili, sgabelli e divano è la perfetta sintesi tra design e maestria artigianale: all'agile struttura in tubo di metallo con gambe a slitta è abbinato un intreccio realizzato a mano in cordino nautico o PVC che ne costituisce l'elemento di unicità.

The Vela family, composed by stackable chair, armchair, lounge chair and stools and sofa is the perfect synthesis between design and craftsmanship: the slender frame in metal tube with sled-shaped legs is matched with hand-woven nautical or PVC rope, making it unique.

lounge | lounge armchair

June

June è una poltrona lounge con struttura in tubo di metallo verniciato avvolta, in corrispondenza dei braccioli e della seduta, da un intreccio in cordino nautico o "Gassa" che ne disegna la linea, divenendone elemento estetico e funzionale. L'indipendenza fra la struttura e i cuscini di seduta e schienale, esprime la logica del razionalismo alla quale l'intero progetto si ispira.

June is a lounge armchair with painted metal tube structure hand-waved, on the armrests and at the seat correspondence, in nautical or "Gassa" rope, which defines its lines, becoming its aesthetic and functional element. The independence between the structure and the seat and back cushions conveys the rationalism from which the project gets inspiration.

Hishi

La base in ceramica smaltata grigio sabbia e pesca, caratterizzata da un decoro a bassorilievo a maglia geometrica realizzato artigianalmente, che attraverso il deposito della cristallina crea ricercati effetti cromatici, contraddistingue la famiglia di tavolini Hishi. Proposti nelle due altezze, 47 cm e 55 cm, sono disponibili con piano tondo o quadrato in vetro bronzato.

The base in sand gray and peach ceramic, characterized by a hand-crafted geometric-patterned bas-relief decoration, which through the deposit of the crystalline creates refined chromatic effects, distinguishes the Hishi coffee tables' family. Available in two heights, 47 cm and 55 cm, they are available with round or square top in bronzed glass.

Loom

Ispirazione retró per la collezione Loom composta da divano, poltrona e daybed. Minimalismo e semplicità definiscono il progetto: a disegnarne il profilo, un'essenziale cornice in mogano con intreccio a mano in cordino "Gassa" o sintetico, eco di una tradizione artigianale ed espressione di una profonda abilità manuale.

A retró inspiration for the Loom collection, consisting in sofas, armchair and daybed. Minimalism and simplicity define its design: to outline its profile, a mahogany frame with "Gassa" or synthetic rope weaving insert, echo of a craft tradition and expression of a deep manual ability.

Purple

La famiglia di imbottiti Purple, composta da divano modulare, poltrona e daybed, si contraddistingue per la soffice e avvolgente cuscinatura sfoderabile in tessuto, che funge da schienale e seduta per il massimo comfort. Profili irregolari donano a Purple un aspetto fresco, rendendolo adatto ad un utilizzo outdoor sia per la casa che per il contract.

The Purple family of upholstered modular sofas, armchair and daybed, is characterized by the soft and curved cushioning with removable fabric covers, serving as back and seat for the maximum comfort. Its irregular profiles give Purple a fresh look, making it suitable for an outdoor use, both for domestic and contract ambiances.

divano | sofa

Elodie

Il divano a due posti Elodie è caratterizzato da una struttura essenziale a vista, in tubo di metallo verniciato antracite goffrato, bianco e avall, pensato per accogliere gli ampi cuscini a cui è appoggiata una piastra in metallo che corre tutto intorno alla cuscinatura, sorreggendola. Dettaglio distintivo il cuscino di seduta che, grazie a dei particolari sostegni, si distacca dalla struttura risultando sospeso. I piedini, posizionati lungo il profilo esterno, amplificano la sensazione che i cuscini galleggino all'interno della gabbia metallica.

The Elodie two-seater sofa features a visible and essential structure in anthracite, white or avall embossed painted metal tube, designed to accommodate the large cushions, on which a metal plate leans running all around supporting them. A peculiarity of the project is the seat's cushions which, thanks to special supports, are detached from the structure, appearing suspended. Its feet, positioned alongside its external profile, amplify the floating sensation of the cushions.

Agra

Agra è una collezione che si identifica per i tratti raffinati e rigorosi, declinata in sedie e poltroncine impilabili, lounge, poggiapiedi, sgabelli e lettino: arredi capaci di creare ambienti dal gusto sempre nuovo grazie ad un'ampia varietà di materiali e finiture. Tratto distintivo di questa famiglia è l'intreccio a mano che conferisce alle proposte a collezione un impatto visivo di estrema leggerezza, che si adatta perfettamente a fresche atmosfere mediterranee.

Agra is a collection identified by refined and rigorous lines, declined in stackable chairs and armchairs, lounge, footrest, stools and sunbed: products capable of creating always fresh and new ambiences thanks to the wide variety of materials and finishes. A distinctive trait of this family is the hand weaving that gives to the collection's proposals a visual impact of extreme lightness, adapting perfectly these products to fresh Mediterranean atmospheres.

Keel

La famiglia Keel composta da sedia e poltroncina, nasce da una ricerca sul tema del rapporto tra rigore geometrico e sinuosità organica. Keel, nome che richiama il mondo della nautica, rappresenta il tentativo di trovare il miglior equilibrio tra una struttura lineare in tondino di metallo ed elementi d'appoggio in legno Iroko dalle forme morbide e sinuose che presentano una lavorazione molto particolare e curata.

The Keel seating family is composed by a chair and an armchair. The name Keel, recalls the nautical world and represents the will to find equilibrium between the linear metal tube structure and the support elements in Iroko wood. Slender and sinuous lines, define the particular and cured processing.

tavoli | tables

Dock

Il tavolo Dock si contraddistingue per l'allure di leggerezza: struttura e piano sono elegantemente asciutti, ridotti al minimo spessore. Le doghe in legno Iroko sono disposte una accanto all'altra, a comporre un'armonica e ordinata sequenza, mentre su entrambi i lati la sezione del piano si rastrema lievemente ai bordi, donando al tavolo un aspetto aereo. È disponibile in una versione fissa da 200 cm e in una con piano estensibile.

The Dock table is characterized by a light structure: legs and top are smartly dry, shortened in their width. The slats, in Iroko wood, are disposed close to one another, composing an harmonic and organized sequence, while on both sides, the section of the top is tapered at the edges, giving the table an airy aspect. It is available in the fixed 200 cm version and in the one with extendable top.

Egao

Famiglia di sedute composta da sedia e poltroncina impilabili e sgabello, Egao presenta una snella struttura in metallo rivestita di un intreccio in cordino sintetico o in corda nautica, con il quale crea una trama quadrettata che funge da seduta e schienale. Una famiglia di prodotti passepartout adatta ad ogni tipo di collocazione, sia domestica che contract.

A seating collection composed by a stackable chair and armchair, and a stool, Egao presents a slender metal structure covered by a hand weaved rope that creates a squared texture, set out to serve as seat and back of the chair. The collection is suitable for all kind of positioning, both in-house and contract.

Aria

L'intreccio in fettuccia nautica è l'elemento distintivo che lega tutte le sedute della famiglia Aria, creando un rivestimento dalla trama accattivante intorno alla struttura in acciaio, nelle varianti verniciato e acciaio inox. Disponibile nelle versioni sedia e poltroncina impilabili e sgabello, Aria sceglie materiali leggeri e resistenti che la rendono adatta ad integrarsi in tutti gli ambienti outdoor.

The weaving in nautical ribbon is the distinctive element that links all the seatings of the Aria family, creating a coating with a captivating weave around the steel structure in the painted and inox versions. Available in stackable chair and armchair versions as well as stool version, Aria chooses light and resistant materials that makes it suitable for all outdoor environments.

Katana

A decretare l'unicità del tavolo Katana è il peculiare disegno delle gambe in metallo, che richiama le antiche spade giapponesi a lama curva dalle quali il prodotto prende il nome. Proposta versatile, Katana è un tavolo pensato per adattarsi ai contesti all'aria aperta, proposto sia in una versione a tre gambe con piano tondo Ø120 e Ø130 cm, sia in una rettangolare a quattro gambe, entrambe con piano in grès porcellanato o HPL.

The uniqueness of the Katana table is underlined by the peculiar design of the metal legs that recalls the ancient curved blades of Japanese swords, from which the product gets its name. Katana is a versatile proposal, adaptable to open air contexts, available with round top Ø120 e Ø130 cm - with or without Lazy Susan - or rectangular top with four legs, in laminated porcelain or HPL.

Ropu

Dalle rimembranze esotiche, Ropu si distingue per la bordatura intrecciata in cordino “Gassa”, che corre lungo il perimetro creando una cornice per il top in grès porcellanato e HPL oppure soffici cuscini con profili a coda di topo. Con base a quattro gambe in metallo, la collezione è disponibile nella versione tavolino basso con piano rettangolare o alto con piano tondo e pouf rettangolare, da abbinare in libere composizioni.

From exotic remembrances, Ropu stands out for its sophisticated woven edge in “Gassa” rope. This runs along the perimeter structure creating a frame for laminated porcelain or HPL tops or soft cushions with mouse-tail cord profiles. With a four-legs metal base, the collection consists of a low coffee table with rectangular top or a high coffee table with round top and rectangular pouf, combinable in the desired compositions.

Weld

Weld è una famiglia di tavolini disponibili in due altezze e dimensioni composta da una base in metallo verniciato e dettagli in cordino nautico con piano tondo in HPL o Iroko.

La struttura dei tavolini è tanto semplice quanto distintiva: i tre sottili tubi di metallo delle gambe, impreziositi dal cordino intrecciato attorno ai punti di incontro tra esse, formano un'intersezione visiva che cambia quando l'osservatore sposta il punto di vista.

Weld is a family of coffee tables available in two different heights and dimensions, composed by a painted metal structure with hand waved details in nautical ribbon, and HPL or Iroko wood round top.

The coffee tables' structure is as simple as distinctive: the three thin metal tube legs, embellished by the hand waved rope around the meeting points between them, forms a visual intersection that changes with the point of view.

Suno

Suno reinterpreta la forma universale del lettino prendisole contraddistinguendosi per le grandi ruote dal diametro 57 cm, in HPL. Un'iperbole formale che fa di un elemento funzionale il tratto estetico che connota l'intero progetto. Con struttura composta da doghe in legno Iroko e corredata da un materasso imbottito, Suno presenta uno schienale regolabile in diverse inclinazioni per vivere il relax all'aria aperta all'insegna del massimo comfort.

Suno reinterprets the universal shape of the sunbed, distinguishing itself by the large HPL wheels with a 57 cm diameter. A hyperbole that makes of a functional element the aesthetic trait that characterizes the project. With a structure in Iroko wood slats, accompanied by a padded mattress, Suno's backrest is adjustable at different inclinations, giving the possibility to enjoy outdoor relaxation in the name of maximum comfort.

Il legno è un prodotto naturale. Ogni elemento possiede un proprio colore e struttura. Gli articoli acquistati in tempi diversi potrebbero mostrare differenze di colore e lucentezza. La pulizia giornaliera può essere fatta con un panno umido. Un'occasionale e più accurata pulizia, invece può essere effettuata con un detergente specifico per il legno. Da evitare l'utilizzo di spugne e detergenti abrasivi.

Wood is a natural product. Each element has its own colour and structure. Items purchased at different times may show differences in colour and brightness. Daily cleaning can be done with a soft wet cloth. Occasional more accurate cleaning can be done with a wood-specific detergent. Avoid abrasive sponges or detergents.

Metalli Verniciati | *Lacquered Metals*

Bianco Goffrato \
White Embossed

Antracite Goffrato \
Anthracite Embossed

Aval Goffrato \
Aval Embossed

La pulizia giornaliera può essere fatta con un panno umido. Una più accurata pulizia può essere effettuata con un panno inumidito in acqua fredda con sapone neutro. Da evitare l'utilizzo di spugne e detergenti abrasivi.

Daily cleaning can be done with a damp cloth. A more accurate cleaning can be carried out with a cloth dampened in cold water and neutral soap. Avoid using sponges and detergents that are abrasive.

Inox

Inox Lucido Aisi 316 \
Inox Aisi 316 Polish

Sciacquare saltuariamente (circa una volta/mese) con acqua dolce, in caso di sporco pulire con sapone o detergenti neutri utilizzando spugne o panni non abrasivi e, successivamente, risciacquare con acqua.

Rinse occasionally (about once a month) with fresh water. In case of dirt, clean it with soap or neutral detergents using non-abrasive sponges or cloths and then rinse with water.

Ceramica | *Ceramic*

Grigio Sabbia \
Sand Gray

Pesca \
Peach

La pulizia giornaliera può essere fatta con un panno umido.

Daily cleaning can be done with a damp cloth.

Vetro | *Glass*

Float Trasparente \
Transparent Float

Bronzato \
Bronzed

La pulizia dei nostri vetri è molto semplice: utilizzare un panno in microfibra, o in alternativa un panno morbido che non lasci però “pelucchi”, inumidito con detergente per vetri e/o alcool. Asciugare subito dopo con un panno asciutto per non lasciare aloni. Evitare di lasciare sul piano pagliette o materiali abrasivi per evitare la formazione di graffi.

Cleaning our glass is very easy: use a microfiber cloth, or alternatively a soft cloth (that does not leave “lint”) moistened with glass cleaner and/or alcohol. Dry immediately with a dry cloth to avoid leaving marks. Avoid leaving abrasive wire sponges or other materials on the glass top to prevent scratches.

Grès Porcellanato | *Laminated Porcelain*

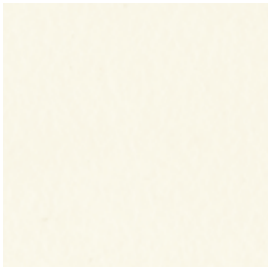

Ossido Nero \
Black Ossido

Materiale resistente ai graffi e all'usura, alle alte temperature e al gelo, al fuoco, a quasi tutti gli agenti chimici e all'azione dei raggi UV. Facile da pulire, igienico e completamente riciclabile. Pulire con un panno umido e un detergente neutro non invasivo.

This material is resistant to scratches and wear, high temperatures and frost, fire, almost all chemicals and UV rays. It's easy to clean, hygienic and fully recyclable. Wipe with a damp cloth and a non-invasive neutral detergent.

HPL | *HPL*

Bianco \
White

Antracite \
Anthracite

Orchidea \
Orchid

I piani in HPL presentano una decorazione color marrone sui bordi. Il nucleo è ignifugo, la superficie resistente ai raggi UV ed estremamente resistente agli agenti atmosferici grazie alla resina a doppio indurimento (Fire Test EN 13501-1, B-s2, d0).

Pulire utilizzando una spugna morbida non abrasiva o una spazzola morbida (es. con setole di nylon); utilizzare un detergente non abrasivo.

HPL tops are characterized by brown edges. The core is flame-retardant and the surface is lightfast. Thanks to the double-hardened resin, it is also extremely weather resistant. (Fire Test EN 13501-1, B-s2,d0).

Clean using a soft non-abrasive sponge or a soft brush (eg with nylon bristles); use a non-abrasive detergent.

Sono idro e oleo-repellenti, immuni alla formazione di funghi e muffe, resistenti alle macchie, alla salsedine e allo sbiadimento dovuto all'azione dei raggi UV. Si consiglia il lavaggio professionale.

They are hydro and oleo-repellent, immune to the formation of fungus and molds, resistant to stains, saltiness and fading due to the action of UV rays. Professional washing is recommended.
