

SEA VIZION SERIES

YOU DREAM WE BUILD!

Established in 1996; Izmir Shipyard A.S. is a boutique shipyard, with a focus on small to medium size workboats, multi-purpose boats, utility vessels and patrol boats for commercial and public customers. Thanks to our passion for the sea and sailing, we constantly invest in the highest quality standards, highly skilled people and environmentally friendly technologies & innovation!

For that reason, we have focused extensively on thermoplastic HDPE material processing for any maritime shape and purpose. Please allow us to present you our newest generation of HDPE workboat series.

DISCOVER SEA VIZION

Sea Vision Series is a solid family of small workboats, the design concept of which is based on 3 pillar aspect: Safety, Functionality and Durability.

Deep V hull shape for maximum stability, non-slid deck, double bottom hull and 5 watertight sections of tubes filled with polystyrene foam **for safety**. Huge deck area and a lot of space, and storage, elevated bow **for functionality**. UV resistant HDPE 100 sheets from Röchling, structurally integrated all-around fenders **for durability**. Sea Vision boats are good to go in the most extreme weather and temperature conditions.

%100 Recyclable

Indestructible

Maintenance Free

Unsinkable

Non-corrosive

No Antifouling

Hi Impact Resistance

Long Life Cycle

Length Overall	6.85 m
Beam	2.40 m
Draught	0.44 m
Material	HDPE
Pax and Crew	5 + 1
Propulsion	Outboard
Engine	100 - 200 Hp
Speed	30 - 40 kts
Certification	CE Catagory C
Delivery Upon Order	6 Weeks

Length Overall	5.85 m
Beam	2.20 m
Draught	0.42 m
Material	HDPE
Pax and Crew	3 + 1
Propulsion	Outboard
Engine	75 - 150 Hp
Speed	25 - 36 kts
Certification	CE Catagory C
Delivery Upon Order	6 Weeks

Length Overall	4.85 m
Beam	2.00 m
Draught	0.39 m
Material	HDPE
Pax and Crew	3 + 1
Propulsion	Outboard
Engine	50 - 100 Hp
Speed	30 - 40 kts
Certification	CE Catagory C/D
Delivery Upon Order	5 Weeks
