

SARAH DOROTHY LITTLE

The Bhaddest Bhabie

Sarah Dorothy Little is an 11 year old Instagram/Youtube sensation who has amassed over 118,000 followers in just 2 years. In this exclusive interview with this teen talent we will be discussing all things music, fame, hate and more in an interview all Sarah's fans cannot miss. Sarah tells us that the only way she responds to all the hate she gets on a daily basis is "I usually just laugh". Sarah who is now home schooled told us that when she used to go to school the other kids used to always make fun of her. "I am now home schooled but when I did go to school kids used to always make fun of me, take pictures with me, and tell me things about my videos". At just the age of 11 Sarah hasn't let all the bullying and hate define her, she's kept pushing through, that's a message we can all take into our daily lives. When asked about her friendship with Wot Dennis and boyfriend Tyshon Lawrence Sarah told us "I love Dennis dearly and he is so sweet. I met him at Playlist Live and there was an instant connection and now we are very close. Dennis and Tyshon are my sisters (go to Tyshon's TikTok to understand what that means)". Over 4 months ago Sarah's dog got paralysed and needed to go into immediate surgery, Sarah decided that she would give all her money from Youtube to pay for the expensive surgery and now she says her dog is back to the happy dog he was. "He is 100% back too normal and can do everything that he was able to do before. All he has is a scar on his back". We asked Sarah when was the first time she realised she was famous and she responded "I don't feel I am famous", we beg to differ. She said her first fan encounter was at a restaurant, "I was at a restaurant and this woman working there was in the bathroom and recognised me. It was funny." Lot's of people asked Sarah in a nutshell what is it like to be famous, "I don't believe I am

famous, but it is great to know people out there are supporting you.” Sarah has built lots of her following off her “brand” based off Bhad Bhadie (rap artist and former Dr Phil star Danielle Bregoli) Bhader Bhabie. We asked her how she came up with that concept and she said “ She didn’t show up to a concert I bought tickets to so I made a video using one of her songs to tell her how I felt”. Sarah has since made many more remakes her most recent being Lotta Dem, and has

appeared on Bhad Bhabies Instagram stories multiple times. As you know Sarah is always remaking songs so we asked her if we could expect any original music any time soon, she responded “Yes my brother is helping me as we speak”. Sarah is a very hard working 11 year old so we asked her if she has any upcoming projects she could tell us a little bit about. “Yes, a new original song and a short film scary movie with Dennis and Tyshon”. Exciting news! We cant wait to see

these projects come to life. Being someone who goes to a lot of events and is around so many celebrities we asked who are the biggest celebrities you’ve met. “ I’m not sure this counts but Liza Koshy and David Dobrick were the biggest social media starts I have ever met.” Liza and David started dating in 2015 but have since broken up in early 2018.

For lots of young kids these days starting a Youtube channel or any public outlet is a struggle. You face the consequence of non stop bullying as twin Youtube duo Niki and Gabriella Demartino have talked about multiple times on their Youtube channel which has now amassed over 8.9 million followers. They have discussed how when they first started a channel called 00 Remake Girls they got bullied so much that they moved schools multiple times because it all got too much. So on that topic we asked Sarah what she would say to any young people who want to start a Youtube channel but don’t want to get made fun of. She responded “There is no preventing getting made fun of, you just need a thick skin and great friends”. We asked Sarah if she had anything to

say about former best friend Emery Bingham who has amassed over 300,000 followers and Sarah made no comment. Lots of people have said that Sarah only used Emery for clout (clout meaning fame). Sarah didn't answer the question but she has already stated that Emery and her were friends much before Emery got her break out with her smash hit God Is A Woman remake which now has over 2 million views. Sarah Dorothy Little has a big impact on young people and in this day in age that can be a good thing, and a bad thing. We asked Sarah if she could give any message to her fans what would it be. "Thank you so much for being there for me and I love messaging with you guys. You are the best!!". Not many celebrities actually talk one on one with there fans, direct messaging is rare. It's very refreshing to see a celeb that actually takes the time to speak with her fans.
