# Prestige Continental Express

Travel in style and elegance

With its Belle Époque style, the Prestige Continental Express is reminiscent of the golden age of the Orient Express.

# Experience the golden era of railways

Surrounded by an ambience in Belle Époque style and yet enjoying the comfort of today – this combination makes dining on the train a unique experience.

The salon dining cars are each equipped with 48 comfortable fauteuils. The buffet car has 24 comfortable seats and is equipped with a large bar and a piano. The coaches invite you to unique experiences in a luxurious ambience. Master chefs serve delicacies freshly prepared on board, just as elegant gentlemen once enjoyed them on the Orient Express.

The following coaches are part of the Prestige Continental Express composition:
