DIDIMINIATURES

miniature and diorama catalogue 2025

DIDIMINIATURES

introduction

Thank you for your interest in my art, work and passion.

The following sites will show you a selected collection of my painted work for sale.

These miniatures are all hand painted by myself and are a part of the journey I am traveling through as an artist.

Every single one of these pieces holds a special place in my heart that I am willing to share with you.

I'm unbelievably grateful for your support. Without every single one of you it would not be possible for me to live my art the way I am able to.

Thank you

Dennis
