How can we make sport more gender inclusive?

**Sport: Ultimate Frisbee**

1. Did you think the sport equally inclusive for boys and girls? Explain your answer.

Yes, because the teams are mixed and it didn't care your genre, since all the players can do all the movements but the tallest of the people weren't proporcionable.

2. What could be done to adapt/change the sport to make it more inclusive tan it is? I think that it is very inclusive and you don't have to change nothing.

3. Which rules would need to be changed? Explain your answer.

I think that maybe Will be better if a referee looks after the match because it s very difficult play without him.

4. What effects would all these changees have – not only on gender inclusion bot any other effects?

It will be more easy the sport and better matches.

5. Now compare your answers to the answers fro the exchange school – what differences are there?

## How can you make sport more gender inclusive?

Sport: Ultimate Frisbee

1. Did you think this sport was equally inclusive for boys and girls?

Explain your answer.

I think yes, because all boys and girls participate in the game.

2. What could be done to adapt/change the sport to make it more inclusive than it is?

I think already inclusive.

3. Which rules would need to be changed? Explain your answer.

I think that all are okay but also I think that someone has to defend another person that has the same height.

4. What effects would all these changes have –not only on gender inclusion but any other effects?

Maybe in one team there are people too tall and in the other team too small it will be difficult.

*How can we make sport more gender inclusive?*

### **Sport: ultimate frisbee**

1. Did you think the sport was equally inclusive for boys and girls? Explain your answer.

*Answer: Yes, because all the rules are good for the team work.*

2. What could be done to adapt/change the sport to make it more inclusive than it is?

*Answer: Nothing*

3. Which rules would need to be changed? Explain your answer.

*Answer: Anyone in my opinion*

4. Which technical elements would need to be changed? Explain your answer.

*Answer: The field should be bigger because the frisbee needs space to be able to launch and receive it well*

5. What effects would all these changes have - not only on gender inclusion but any other effects?

*Answer: Improve the game experience in my opinion*

6. Korfball was invented in 1902. In the Netherlands over 100,000 people play korfball.

Which aspects are in your opinion very important to make this sport more popular in other countries all over Europe?

*Answer: I don't know*

*How can we make sport more gender inclusive?*

**Sport: ultimate frisbee**

- 1. Did you think the sport was equally inclusive for boys and girls? Explain your answer.

Yes because we paly in mix team

- 2. What could be done to adapt/change the sport to make it more inclusive than it is?

I think nothing

- 3. Which rules would need to be changed? Explain your answer.  
Any rule, they are good

- 4. Which technical elements would need to be changed? Explain your answer.

- 5. Now compare your answers to the answers from the exchange school are there?

We have similar ideas, some of all had new rules

*How can we make sport more gender inclusive?*

### **Sport: ultimate frisbee**

1. Did you think the sport was equally inclusive for boys and girls? Explain your answer.

*Answer:*

Yes, the teams were mixed and we all played together, we all participated.

2. What could be done to adapt/change the sport to make it more inclusive than it is?

*Answer:*

It's already inclusive, but it also depends on the effort people make and if they have interest or not.

3. Which rules would need to be changed? Explain your answer.

*Answer:*

It would be good if everyone playing was the same height, because it's hard for a short

person to play against someone tall, and it would also be good if the scoring zone was a

little smaller.

4. What effects would all these changes have – not only on gender inclusion but any other effects?

*Answer:*

If the scoring area was a little smaller, it would make the game a bit harder and more interesting, and if everyone was the same height or similar, it would be more fair.

5. Now compare your answers to the answers from the exchange school – what differences are there?

*Answer:*

We have very similar ideas, although the rules we would change are different.

## **SPORT: ULTIMATE FRISBEE**

- 1- Did you think the sport was equally inclusive for boys and girls?  
Explain your answer.

The most of the times it is but in my team we were only girls.

- 2- What could be done to adapt/change the sport to make it more inclusive than it is?

We can mix all the teams so that in every team there are boys and girls.

Maybe that all the players of the team have to touch the frisbee at least one time.

- 3- Which rules would need to be changed?

No one they are very good.

- 4- What effects would all these changes have-not only on gender inclusion but any other effects?

That no one is apart and alone.

- 5- Now compare your answers to the answers from the Exchange school – what differences are there?

There weren't differences.
