

ENERGICA

EXPERIA
GREENTOURER

HOTSPOT

- Heated handgrips
- Cast aluminum wheels with red details
- Bar ends & Ergal bolts kit Black
- Side bags
- Top case

BUILT FOR COMFORT

Optimized for long-range, two-up comfort with an aerodynamic sport-touring fairing, adjustable windscreens and ample hard luggage capacity, Experia fully delivers on what mileage-eaters demand, yet is the nimblest and most maneuverable machine we've ever made.

NEW HIGH-TECH PLATFORM

The Experia motor and battery are both brand new. Battery capacity has increased, yet has a lower weight, plus a centralized, lower center of gravity allows for better low-speed rideability.

100
