

## step BraWo 2021 – Parents' Agreement

The teacher must receive the signed parents' agreement by **Friday, 15th October 2021** at the latest. Unfortunately, for legal reasons, your child will not be permitted to participate in the project without a signed parents' agreement.

I have received detailed information in writing about the planned **step BraWo** project in the parent information letter. All questions that seemed important to me about the type of project and its significance were explained in this letter, in particular about data protection and liability. Furthermore, I am aware that the personal data of my child will not be collected or published.

Image and video recordings are planned for the duration of the **step BraWo** project, in order to provide the public with an insight into the project work on site, including, for example, in your child's school. You might also see your child in these recordings. For example, in the event of an overall victory, the winning team will receive its award at a ceremony on site, where there will also be a media presence. In the course of the award ceremony, appropriate photographs will be taken and, if applicable, video recordings. I declare that I consent to photographs and video recordings of my child being taken in the manner described above and that these photographs and recordings may be used for the purposes of the project, in particular for reports. These recordings may be used by planero GmbH, the Clevener Foundation, the United Kids Foundations children's network and the RTL – Wir helfen Kinder e.V. foundation, for example, for editorial and communicative purposes (e.g., reports in newspapers and information brochures). The

recordings may also be used free of charge by the school for promotional and information purposes.

I have no further questions, I feel that I have been sufficiently informed, and I hereby consent to my child's participation in the **step BraWo** project. I may withdraw my consent at any time without giving reasons and without incurring any disadvantages as a result.
