20% Aloe Vera Mouthwash

AL04

80ml

Chogan Aloe vera mouthwash helps in preventing gum disease. Thanks to the 20% of Aloe vera and extracts of Mallow and Calendula, the product has a soothing and comforting effect on sensitive gums; Tea Tree essential oil has an antiseptic and antibacterial action, while xylitol reduces the acidity of the oral cavity, protects against plaque, tartar, and dental caries, fighting bacterial proliferation. Our formula contains a food colouring based on chlorophyllin, which is useful in case of gingivitis, as it accelerates healing times.

After brushing the teeth, pour 20 ml into a dosing cap and rinse for about 30 seconds, twice a day. Do not swallow.

Avoid release to the environment. Avoid falls, shocks and incorrect handling that may cause the spillage of the product. Store in a cool and dry place and keep away from heat.

()

Aqua, aloe barbadensis leaf juice, sorbitol, xylitol, sodium benzoate, potassium sorbate, aroma, glycolipids, glycerin, malva sylvestris extract, calendula officinalis flower extract, melaleuca alternifolia leaf oil, C175815 (chlorophyllins), limonene, linalool, geraniol.
