

EPI

European Pact for Integration
Duration: 01.01.2020-30.06.2022

[EPI Homepage](#)

EPI is a joint project of 7 European cities and 5 technical partners to develop, test and implement new strategies for urban integration of third-country nationals through a mix of field activities, research and networking actions at both city and European level.

Duration: 01.01.2020-30.06.2022

- Mapping and evaluation of urban actions implemented so far to promote migrant integration
- Involving local actors to help shape policy discourses
- Optimising integration strategies for third-country nationals through cooperation of all actors involved in a city
- Introducing, implementing, monitoring and evaluating new urban integration strategies
- Building European partnerships
- Raising awareness of the importance of integration
