

## The beautiful original from the North

FLAGPOLE CHRISTMAS TREE was launched at the Stockholm exhibition on October 1 in 2009. Its patented design enables several benefits.

<b>Style</b>	Style fits everywhere. The Nordic design is elegant and eye-catching.
<b>Time</b>	By far the easiest assembly on the market. And scrolling. Year after year.
<b>Quality</b>	All LEDs are encapsulated in gas tight sleeves. Together with the tension relieved wiring, the net creates a corrosion proof and durable product designed for tough arctic conditions.

## About Montejaur

### Swedish

**Montejaur AB is a Swedish company founded in 2009.**

### The name

**The company name is a combination of Arvidsjaur, a locality in the Swedish province of Lapland, and Montenegro, the rocky Mediterranean country.**

### The logotype

**The logotype is a symbol of the mountain (monte) and the lake (jaur), but also the FLAGPOLE CHRISTMAS TREE and the other products.**

### Experienced engineers

**The company is managed by Swedish engineers with many years of experience from the manufacturing industry and are holders of a number of patents.**

### Customer satisfaction

**Our products are unique, and we continuously strive for fast delivery, high level of availability, and satisfied customers.**

## General Specifications

- ✓ Entire product S-marked, tested and certified by [Intertek](#)
- ✓ All LED encapsulated, Design verified in corrosion chamber at [SP Technical Research Institute of Sweden](#)
- ✓ LED 0.06W
- ✓ IP44
- ✓ Transformer S-marked, RoHS, GS
- ✓ Delivered in robust, printed boxes, ready to ship to end customer
  - 180cm – 400cm: 12x12x70cm
  - 6-8M: 15x15x70cm
  - 10-12M: 22x22x70cm

## Terms

- ✓ Delivery time: acc to agreement
- ✓ Delivery terms: EX WORKS Vårby
- ✓ Payment terms: Invoice, 15 days net
