President's Report:

Hi All

Our pain extends by another 2 weeks !!! AARrgggg!! I hope you are all coping with this lockdown ,but remember if you are not ,just pick up the phone and call someone, it'll take your mind off it for a while.

What a fantastic candidate we have with our NYSF successful applicant Charlotte Thompson from Frankston High. Her talk to us last week spoke volumes of the calibre of this student and her enthusiasm for the sciences was very much evident in the way she engaged with us all when asked questions. She will be a cracker ambassador for our club and I can't wait to hear of her experiences when she returns (Jan 2021)

Make sure you all join us this Wednesday as we have Harvey Noel all the way from Canada to have a chat with us as to what he's been doing since he left our shores as an exchange student 18 years ago .

Can all members who haven't paid their sub's yet please get onto it as they are now due immediately. If you have any issues please give me a call.

I spoke to Tony Carter last week as we hadn't seen he or the Morgan boys for a couple of weeks and he said they were all well and working on 'Be Fit' production. He said the reason they hadn't been at the meetings for a while was to give everyone else a chance to have a talk.! Hopefully they'll be back on this week.

Cheers

Shane

Frankston High Interact

This week's Interact Update...

On Monday I had the opportunity to sit in on the first Interact meeting chaired by new president, Michaela and she did a spectacular job. The meeting voted to adopt the club bylaws paving the way for us to formalise the application to charter the club with RI. Each of the members spoke about their reason for wanting to get involved in Interact and the consistent message was a genuine desire to make a contribution to community, both internal and external to school.

The major emphasis of the meeting was to brainstorm ideas on potential projects for the balance of this year and through 2021. I think every member in attendance had ideas and contributed and articulated them very well. Over the coming two weeks the members will have time to think about their priorities in terms of what has been suggested and then at next week's meeting they will look to zero in on where they want their Interact club to focus.

I look forward to progressively involving more of our membership in Interact over the year ahead and I'm sure you will find this as inspiring as I do.

Description:

Soles4Souls was founded in 2006 and it collects new and used shoes and redistributes them through direct donations to people in need and through micro-enterprise partners.

"People living in poverty want a better life, but many lack opportunity.

At Soles4Souls, we turn unwanted shoes and clothing into opportunity, by keeping them from going to waste and putting them to good use – providing relief, creating jobs and empowering people to break the cycle of poverty. "

HOMELAND STORY - Special Screening for the Nepean Cluster

An amazing film showing 50 years of real life footage of Donydji - a small Indigenous community in North East Arnhem land. In 1974, Dr Neville White, a biological anthropologist, spent part of each year on the Homeland, responding to the community's request to resist the threat of mining license claims. HOMELAND STORY is a moving portrait of a resilient and determined community facing the challenges of maintaining their Donydji Homeland and preserving their vibrant culture.

Finance and Fundraising Report:

As mentioned at the Wednesday zoom meeting, the Golf Day sub committee met via zoom on Thursday evening. We discussed and then prepared correspondence that can be sent to all sponsors of the 2020 event (and those who couldn't sponsor this year).

As a Club, we are in the process of thanking those sponsors who have left their sponsorship monies with us and advised them of the 2021 event scheduled for Monday, 15th March.

We have also writing to all other sponsors and advising them of the date in 2021.

In addition, our Corporate Flyers that advertise and provide details of the day are being enclosed with the correspondence sent to all sponsors.

The planning for the event in 2021 will be sculptured around what is permissible under the applicable COVID guidelines. Fingers crossed.....
