A modern dining table and chairs are displayed in a rustic industrial setting. The table has a thick, rectangular wooden top with a visible grain and a metal frame with a lower shelf. It is flanked by two armchairs: one with light tan leather upholstery and the other with dark brown leather upholstery. Both chairs have metal frames and casters. On the table sits a large, shallow wooden bowl filled with dried plants. The background features a wall of corrugated metal and a red barrel with a brown jacket draped over it. The floor is concrete, and a large, irregular piece of animal skin is laid out under the furniture.

An aerial, high-angle photograph of a modern architectural complex. The image is heavily blurred and has a soft, ethereal quality. A large, curved, white structure, possibly a bridge or a large overhang, dominates the upper half of the frame. Below it, a series of parallel, light-colored rectangular structures are visible, possibly a parking lot or a series of walkways. In the lower right, a roof with a repeating geometric pattern is visible. The overall color palette is muted, with a lot of white and light gray tones, and a hazy, atmospheric background.
