Let it be HDPE: Advantages

Environment

- Excellent recyclable and the most recycled plastic globally
- HDPE has the SPI Resin Identification code 2
- Resistant to marine growth. No anti fouling needed, light steam cleaning suffices
- Low carbon footprint 20% of a similar aluminium vessel
- Building a boat from HDPE makes it an environmental sound investment

Safety

- HDPE is lighter than water so the material is unsinkable
- HDPE is enormously strong and shock absorbing so not afraid of sharp rocks

Quality

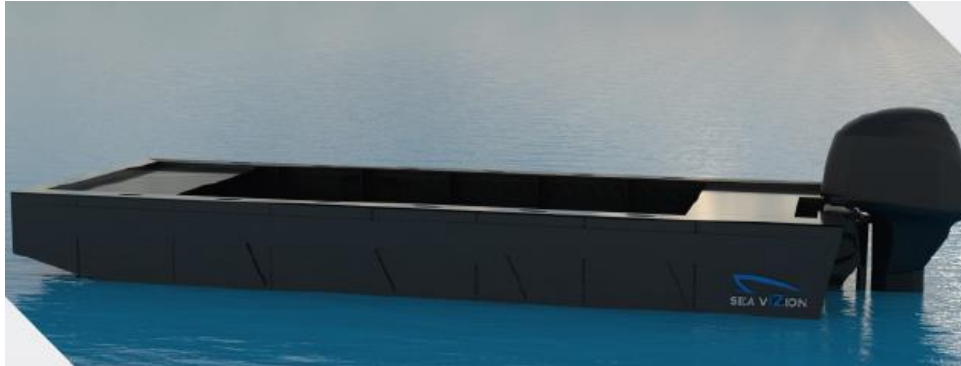

- High buoyancy - high load capacity
- No corrosion - nearly no maintenance
- Easy to repair even in the most remote location
- HDPE is untouchable to nearly all aggressive liquids
- High build quality of VIZION boats with an enormous flexibility of production
- Highly cost effective

Let it be HDPE: Advantages

APPLICATION	FIBERGLASS	ALUMINIUM	HDPE
Impact Resistance	Poor	Good	Excellent
Repair Ability	Good	Good	Excellent
Durability	Poor	Poor	Excellent
Uv Resistance	Poor	Excellent	Excellent
Maintenance Requirements	High	High	Low
Sandy Beach Landing	Good	Good	Good
Rocky Beach Landing	Poor	Poor	Excellent
Puncture Resistance	Poor	Poor	Excellent
Inbuilt Buoyancy	None	None	Excellent
Product Life Span	5-10 years	5-10 years	50+
Chemical/Seawater	Fair	Fair	Extreme

Current Range for Europe: JON & RIB

JON type 4 - 6 m

- Incredibly strong
- Leisure and professional market
- SV 4.0 / 5.0 / 6.0 JON
- Custom boats on demand possible
- Package deals possible

RIB type 4 - 7 m

- Incredibly strong
- Leisure and professional market
- SV 4.85 / 5.85 / 6.85 RIB
- Custom boats on demand possible
- Package deals possible

Current Range for Europe: up to 8.00 m

IZ 560 / 700 / 775

- Fast general workboats: diving, patrol, crew, survey, etc
- Leisure and professional market
- Custom boats on demand possible
- Outboard and inboard propulsion
- Package deals possible

Current Range for Europe: 8.20 landing craft

IZ 820

- Fast general workboat: diving, crew, taxi
- Easy access by wide professional ramp
- Nordic market!!
- Leisure and professional market
- Custom boats on demand possible
- Single and Dual Outboard propulsion
- Package deals possible

Current Range for Europe: 10-13 m

IZ 1050 / 1220 / 1250 / 1260 / 1300

- Fast general workboats: diving, patrol, crew, survey, etc.
- Multiple vessels build for TR police !
- Leisure and professional market
- Custom boats on demand possible
- Outboard, jet and inboard propulsion
- Package deals possible

Current Range for Europe: 14-16 m

IZ 1400 / 1600

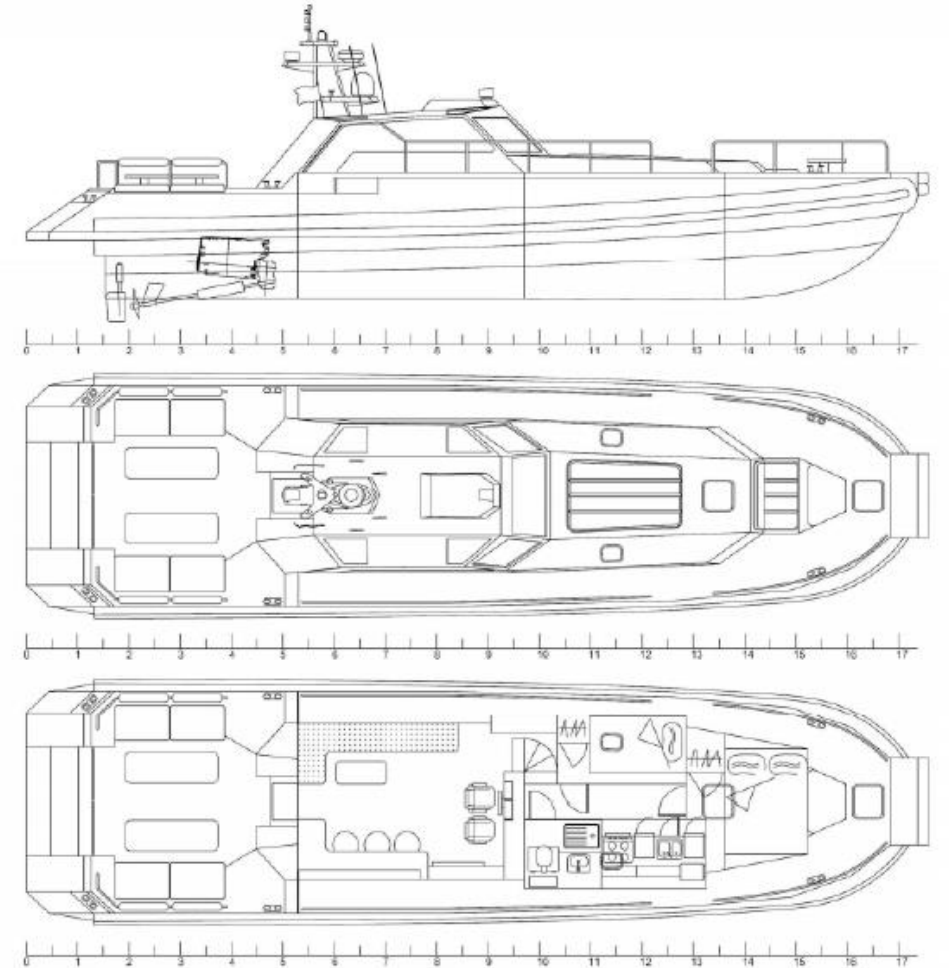

- Fast reliable workboats: diving, patrol, crew, survey, etc.
- IZ 1400: Multiple vessels build for TR police !
- IZ 1600 vessel build for Leisure and professional market
- Custom boats on demand possible
- Jet and inboard propulsion
- Package deals possible

Current Range for Europe: 16 to 18 m

IZ 1730 / 1740

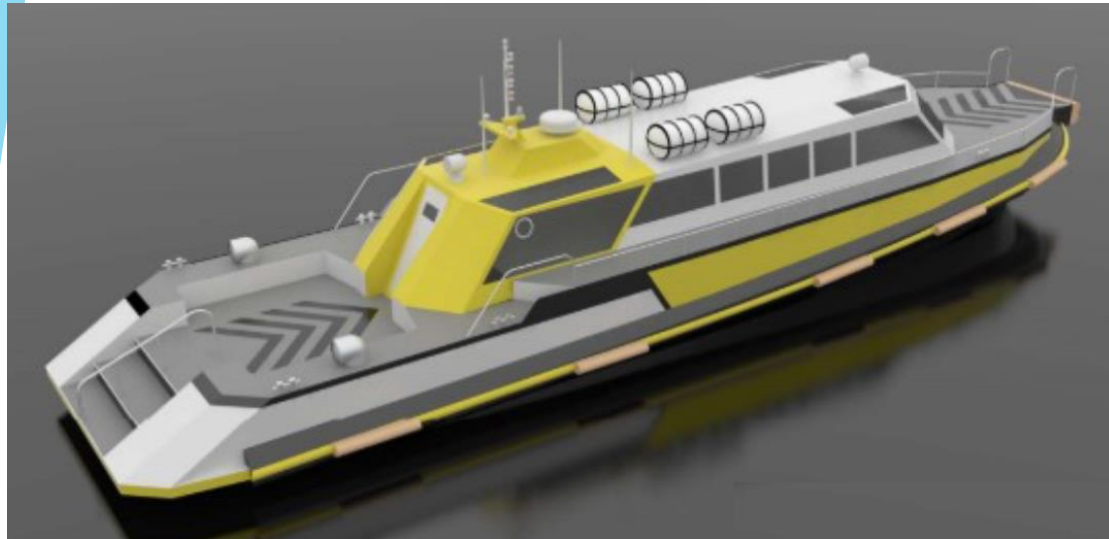

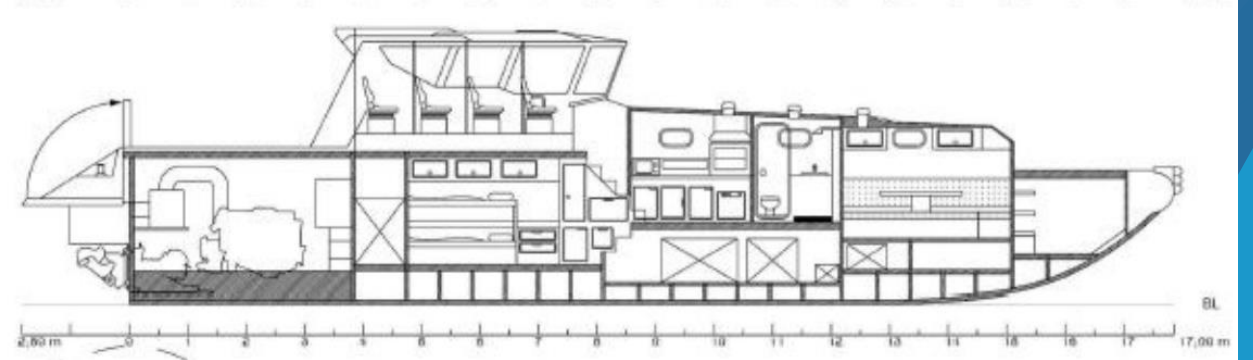

- Fast reliable workboats: diving, patrol, crew, survey, ferry's, etc.
- professional market
- Custom boats on demand possible
- Jet and inboard propulsion
- Package deals possible

IZ 1940 / 1980

- Fast reliable workboats: diving, patrol, crew, survey, ferry's, etc.
- professional market
- Custom boats on demand possible
- Jet and inboard propulsion
- Package deals possible

Sea Vizion: HOW CAN WE HELP YOU?

Sales and Import

- Based on your request we can supply you with a detailed offer including your modifications, additional requirements etc.
- Through our in-house engineering & drawing department new GA's, calculations, etc. can be made fast often within two to three working days.
- For HDPE workboats over ~10 meter we advise on procuring ex-Izmir to save on import expenses.
- Inspection of build models is possible in Turkey. We will be happy to assist & accompany you.

Technical sales and Support

- Boats can be final build and commissioned by Sea Vizion at our main workshop in Flushing the Netherlands.
- Maintenance and repairs can be done there also
- Training of your boatmen and technical staff can be done on location or at one of our yards.

Call or Email us!

We will be glad to provide you with all required information, detailed quotes and the best service possible!
