

Life's A Peach

Requirements and Terms of Artwork Exhibition

The following regulations have been stipulated by Life's A Peach to maintain a varied and open in-store display for local artwork. The latter implies that only artists from the city of Utrecht can benefit from this opportunity.

This decision has been conceived due to the restrained amount of space in the store. We hope you understand!

We invite you to take account of the following policy, to have a clear picture of the exhibit agenda.

- The hosting of the artwork is free of charge.
- The time of display will be a **minimum of 3 months** and might be of maximum 1 year. The exact date of placement and removal can be further discussed depending on the space required for the art pieces and the number of artists' requests we receive.
- Regarding the sale of the goods in question, there will be a **5% service charge** for items under 50eu and **7%** for items above 50eu.
- The service charge has been placed in order to cover **card transaction costs and packaging materials**. It further includes product placement on our social media accounts.
- The money of the artwork sales will be transferred to your bank account every 2 to 3 months.

Last but not least, we invite you to send us a portfolio of the work-to-be-displayed or previous artworks to gather an idea of the size and in-store placement of your pieces. Furthermore, we would like to hear about your passion, background, and process in making your masterpieces. Please, don't hesitate to include a personal introduction and explanation. If your work is eco-friendly/sustainable, please inform us as well.

We are excited to meet you and get to know you!

We look forward to hearing from you! You may send all the above to the following email address: hello@lifesapeach.nl

Greetings from the Peach Team!
