Installation & Registration Process

① Install Join from AppStore

App Store

*For those who cannot read this QR code please search for Join on AppStore and install the app that has the icon you can see on the left.

*Only compatible with iOS9 or above. If the OS on your device is lower than these please update it.

② Start the app

③ Tap "Create Account"

Login

Email

Password

Region
North America

Login

[Forgot password?](#)

Create Account

④ Enter your name, email address, and password

*Symbols can not be used
Except: "&", "-", "_", "."

⑤ Enter the tenant code and tenant password

*If your tenant code or password is unclear, please contact a manager of your tenant.

⑥ Agree to the Terms of Use and tap the checkbox

⑦ Tap "Create Account"

 Create Account

Personal Information

Name

Email

Password

* 8-20, one number and one letter required.

Repeat password

Tenant Information

Tenant Code

Tenant Password

Region

North America

☐

I accept the [Terms of Use](#)

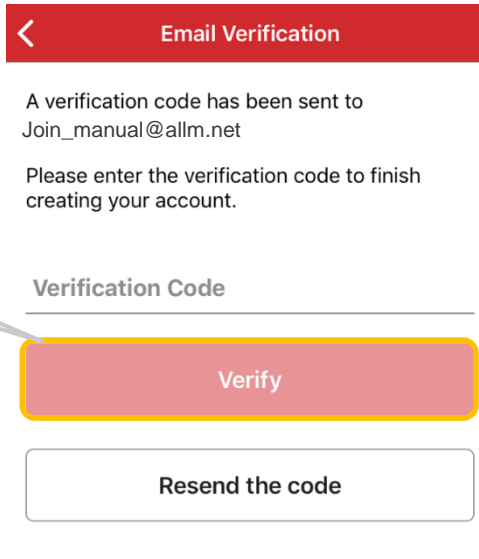

Create Account

⑧ Enter the code that you received via Email and tap “Verify”

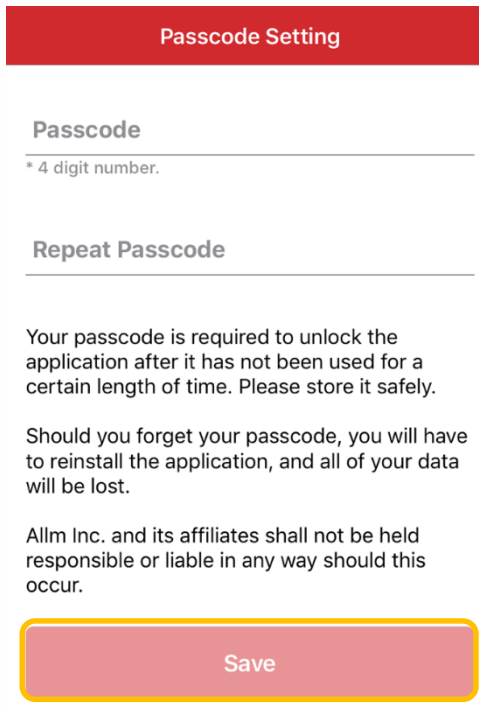

*If you don't receive the verification code, please tap "Resend the Code" to send again. If you haven't received even after re-sending, please return to the previous screen and confirm the email address you entered is correct.

⑨ Set a 4-digit passcode to unlock the app. And tap “Save”

Setting completed.
You will be logged in to Join.

The 'Email Verification' screen has a red header with a back arrow and the title 'Email Verification'. Below the header, it states: 'A verification code has been sent to Join_manual@allm.net' and 'Please enter the verification code to finish creating your account.' There are two input fields for the 'Verification Code'. Below the input fields, there is a red 'Verify' button with a yellow border and a white 'Resend the code' button.

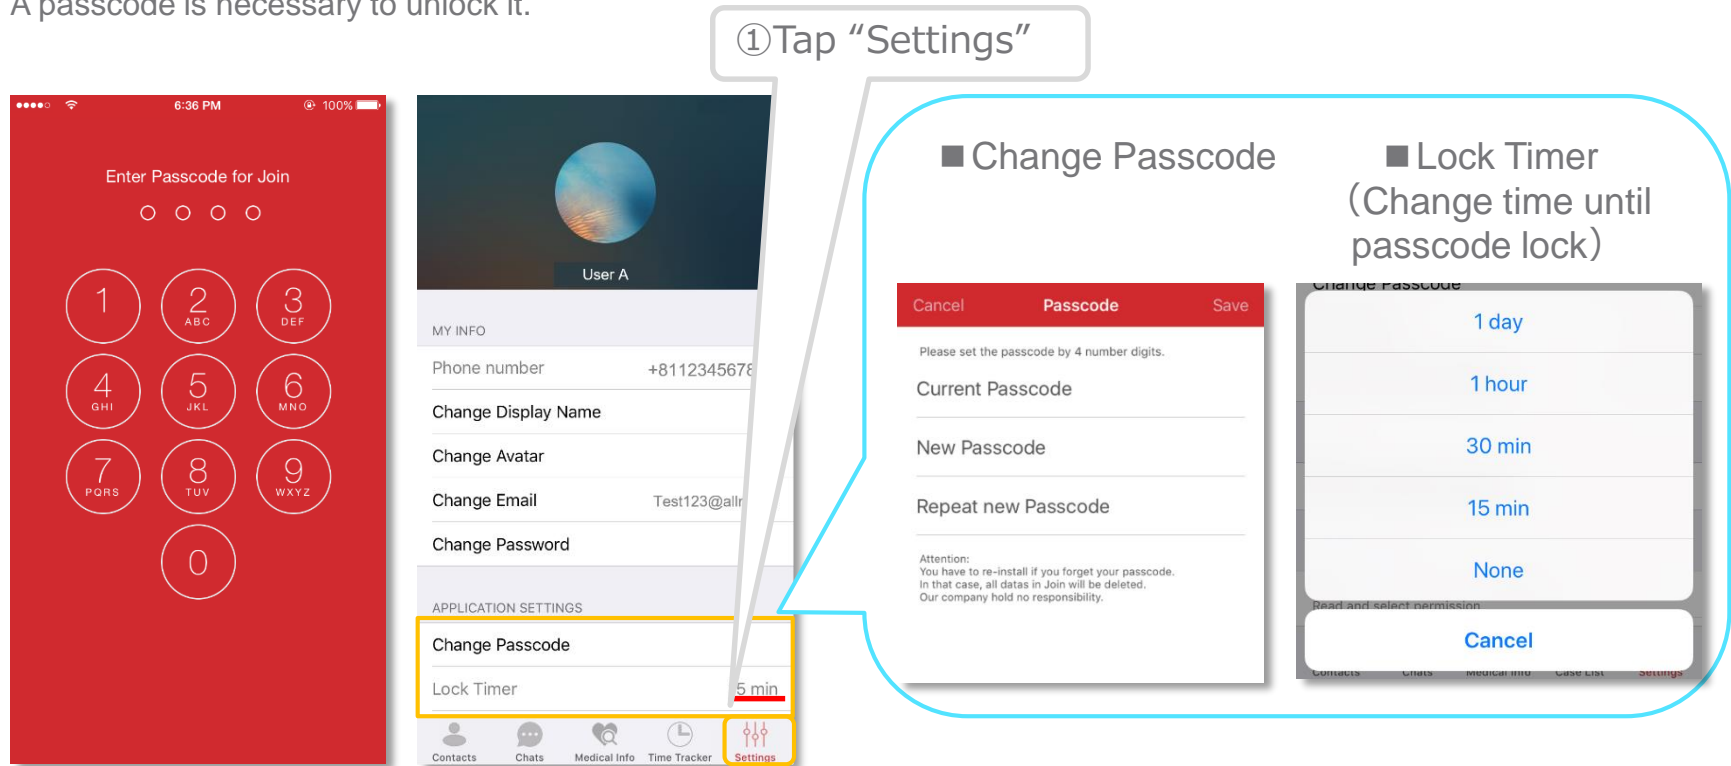

The 'Passcode Setting' screen has a red header with the title 'Passcode Setting'. Below the header, it has a 'Passcode' section with a text input field and a note '* 4 digit number.' Below this is a 'Repeat Passcode' section with another text input field. A paragraph of text states: 'Your passcode is required to unlock the application after it has not been used for a certain length of time. Please store it safely.' Another paragraph states: 'Should you forget your passcode, you will have to reinstall the application, and all of your data will be lost.' A third paragraph states: 'Allm Inc. and its affiliates shall not be held responsible or liable in any way should this occur.' At the bottom, there is a red 'Save' button with a yellow border.

Cautions for Using

▼ Setting Passcode

For security purposes, if Join hasn't been used for a specified amount of time, it will be locked. A passcode is necessary to unlock it.

*If you forget the passcode **you will have to reinstall Join.**

*If the biometric authentication is enabled, the app can be unlocked using Touch ID/Face ID.

*Please log in using email address and password that you registered at [Email Login Setup] when you reinstalled the app.

▼ Contact: If you have any questions or concerns please feel free to get in contact with us.

Allm Inc. Join Support Center support@join-me.biz

Change registered information

▼ Change Email

You can change Email address you've registered.

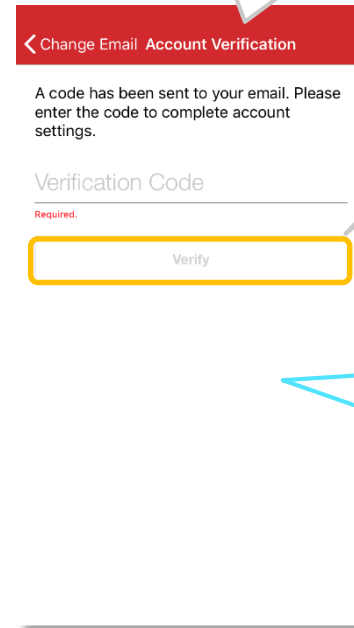

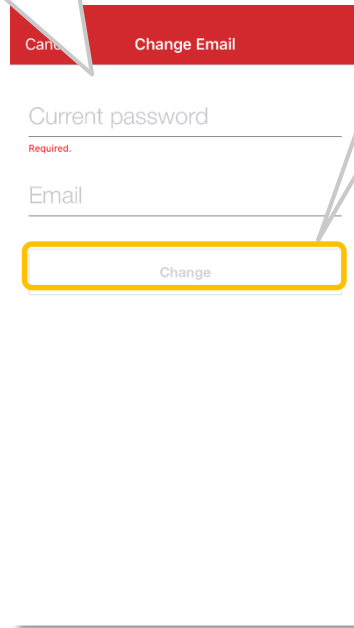

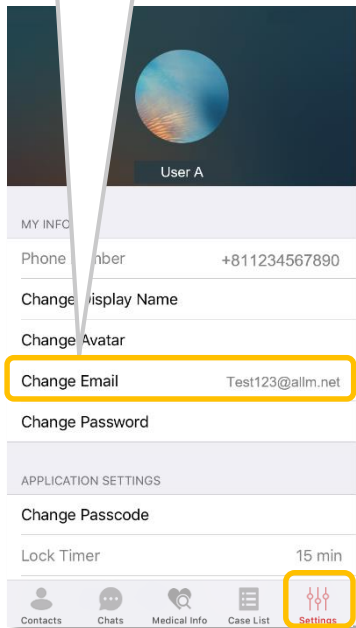

① Tap "ChangeEmail"

② Enter current password and new email address

③ Tap "Change"

④ Enter the code you received

⑤ Tap "Verify"

Email address will be changed.

*The verification code is valid for 10 mins.

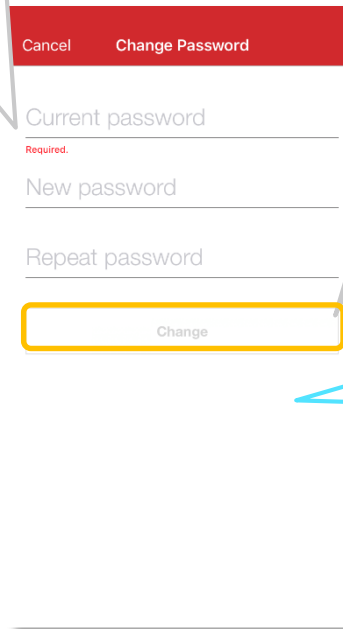

▼ Change Password

You can change login password.

① Tap "Change Password"

② Enter current password and new password

③ Tap "Change"

Password will be changed.

※ Password needs to be more than 8 and less than 20 alphanumeric characters.

Join Reinstallation

▼ Email Login

Please log in by using **email address and password that you registered at “Account Setting”**.

① Enter email address & password that you have registered

② Make sure your region is correct

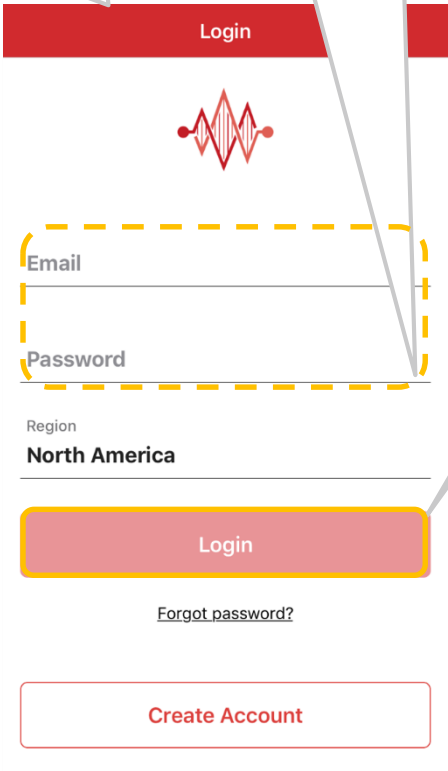

③ Tap “Login”

*If region setting is incorrect, please set it to the right one by yourself.

*If you register again, **new account will be created and you can't restore your group settings and talk logs.**

*When you login using email, your contact settings and group talks will be stored.

*One-to-one direct chats cannot be restored.

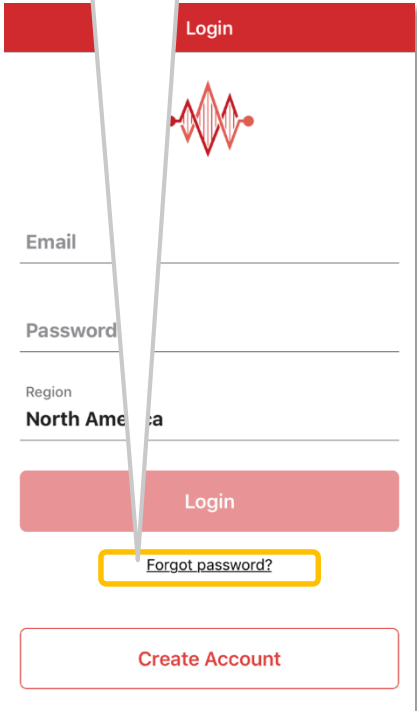

The screenshot shows a mobile app's login screen. At the top is a red header with the word 'Login' in white. Below the header is a red heart rate monitor icon. A dashed yellow box highlights the 'Email' and 'Password' input fields. Below these fields is a 'Region' section with 'North America' selected. At the bottom of the form is a large pink 'Login' button with a yellow border. Below the button is a link for 'Forgot password?'. At the very bottom is a white 'Create Account' button with a red border. Three numbered callouts point to the input fields and the 'Login' button. A fourth callout points to the 'Region' section with a note about correcting the region setting. A block of three asterisked notes is located to the right of the screen.

When you forgot password

▼ Reset password

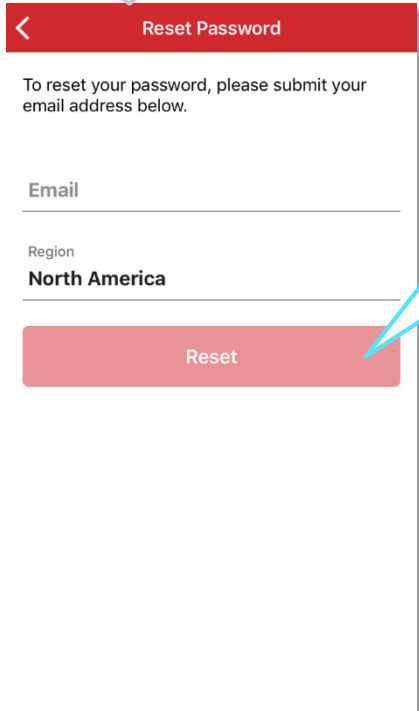

If you forgot password, you can reset new one.

① Tap "Forgot password"

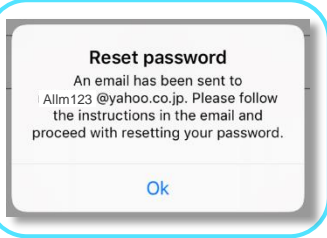

The screenshot shows the 'Login' screen with fields for Email, Password, and Region (set to North America). A red 'Login' button is at the bottom. A yellow box highlights the 'Forgot password?' link below the login button.

② Enter Email address and tap "Reset"

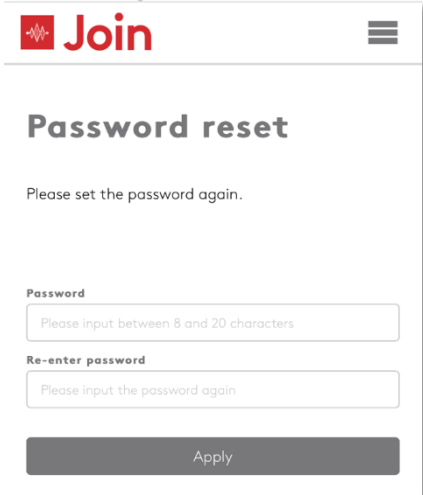

The screenshot shows the 'Reset Password' screen with fields for Email and Region (set to North America). A red 'Reset' button is at the bottom. A blue callout box points to the 'Reset' button.

③ Access to the URL in the email you receive

The screenshot shows an email titled 'Reset password' with the text: 'An email has been sent to Allm123@yahoo.co.jp. Please follow the instructions in the email and proceed with resetting your password.' A blue 'Ok' button is at the bottom.

④ Enter new password and tap "Apply" to set

The screenshot shows the 'Password reset' screen with the text 'Please set the password again.' Below are fields for 'Password' (with a hint 'Please input between 8 and 20 characters') and 'Re-enter password' (with a hint 'Please input the password again'). A grey 'Apply' button is at the bottom.

*After setting new password, please go back to the app and proceed login

Contacts and Groups

▼ Add contacts

① Tap "Contacts"

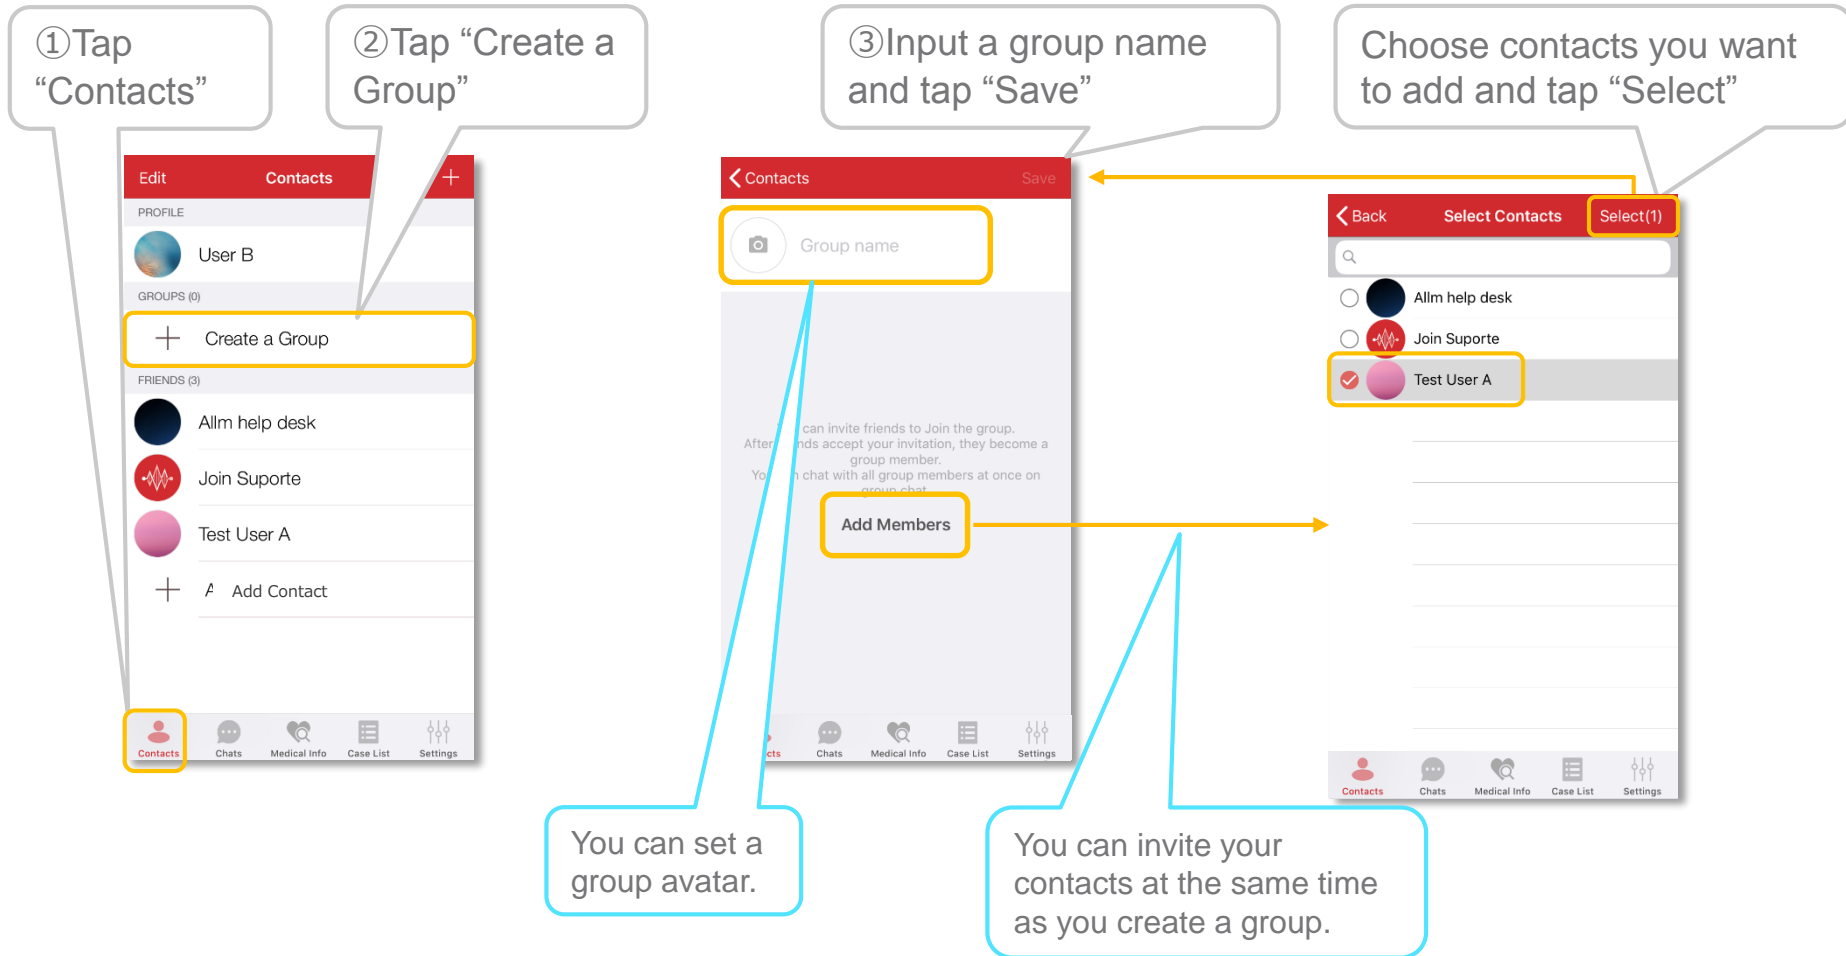

② Tap "Add Contact"

③ Enter the phone number

④ Tap the user

The friend will be added to the contact list

▼ Create Groups

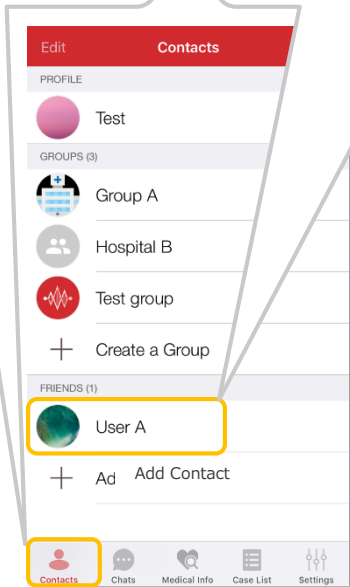

Groups are consisted of invited contacts.
You can communicate with multiple members simultaneously in "group chat"

Direct Chat

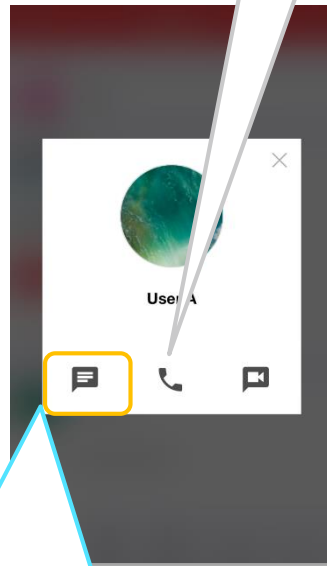

▼ Start a direct chat

① Tap
“Contacts”

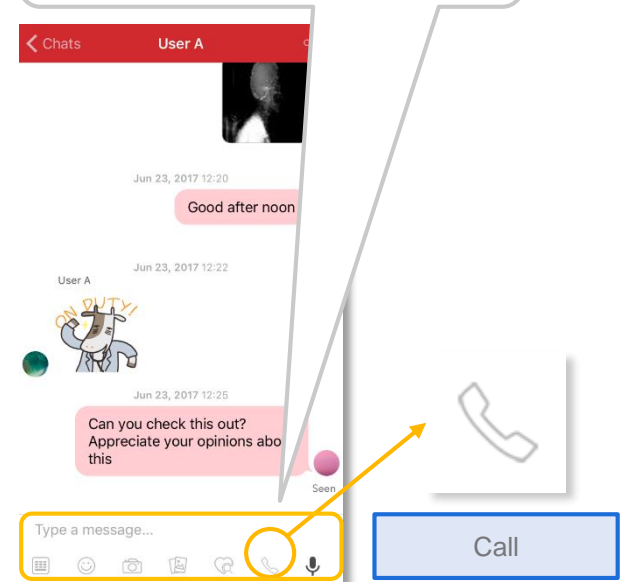

② Tap a friend you want to
send a message

③ Tap 

④ Input a message and tap
“Send” to post

: Start one-on-one direct chat

: Start voice call

: Start video call

*You can start voice/video call by tapping the call button in direct chat rooms.

Direct Chat Functions ①

▼ Top Menu

You can select “Leave Chat” from the menu button on the upper-right.

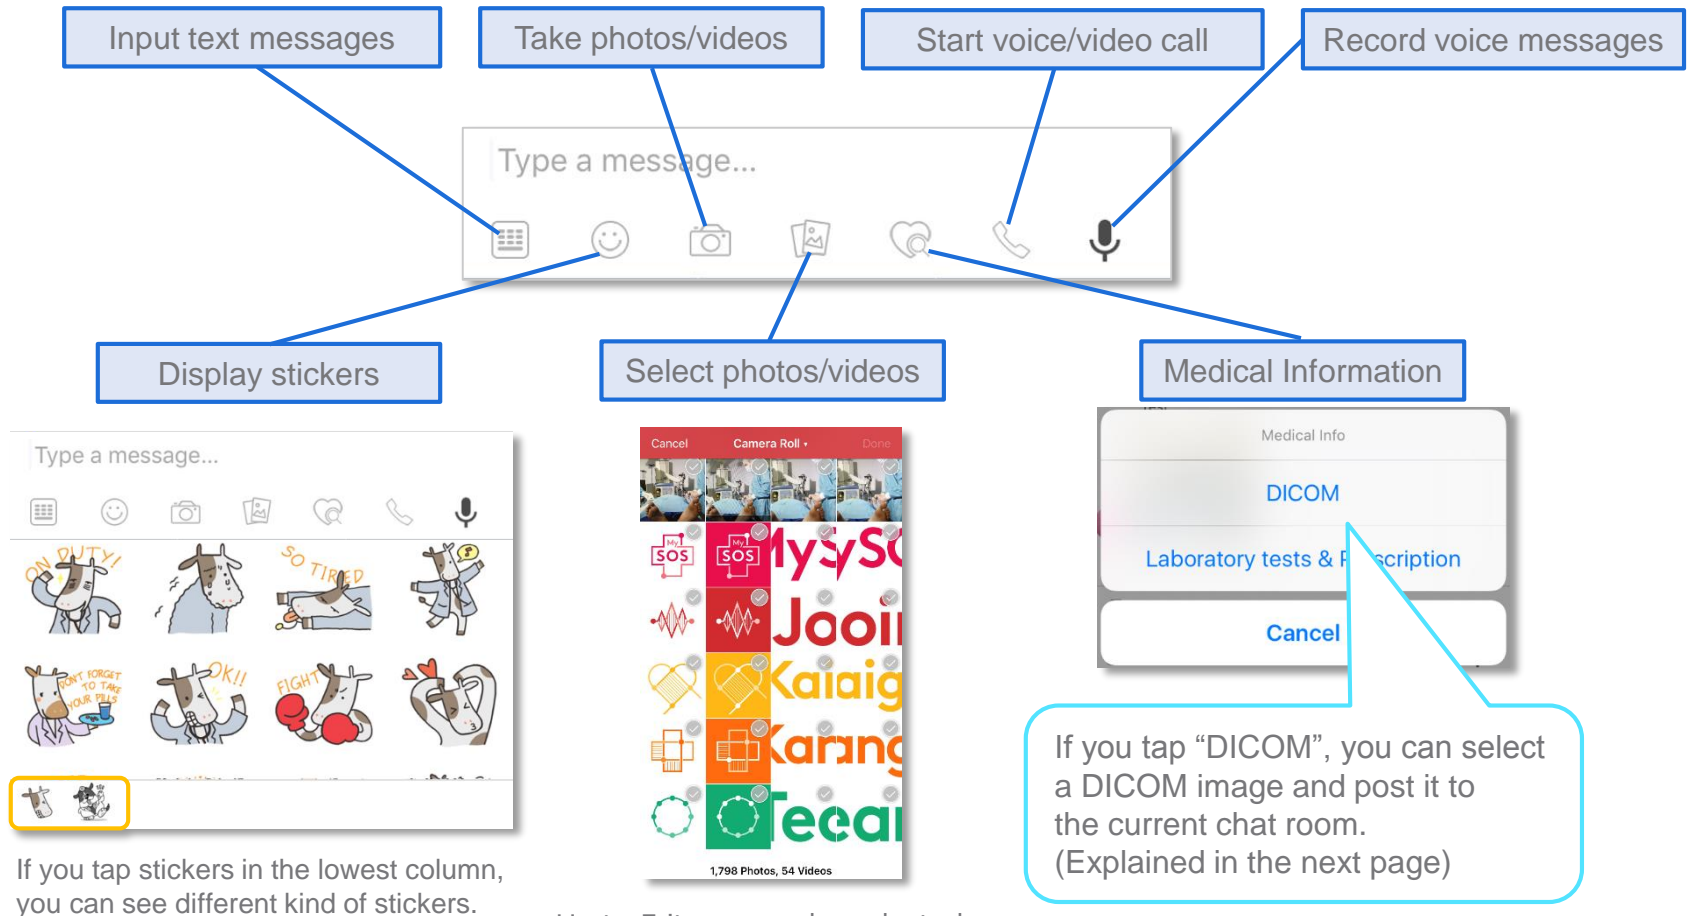

When you leave the chat, it will be disappeared from the chat list.

Direct Chat Functions ②

▼ Bottom Menu

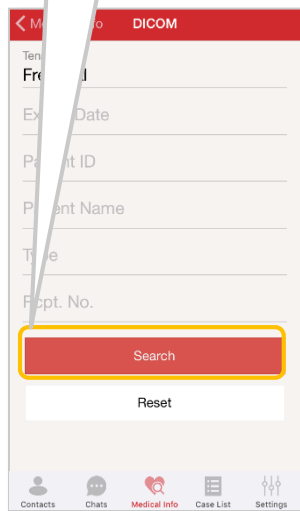

You can use various functions from the bottom menu.

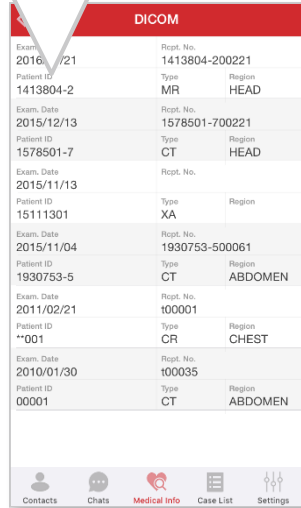

Direct Chat Functions ③

▼ View & send DICOM images

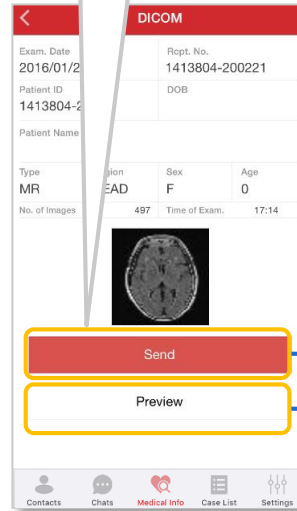

① Tap "Search"

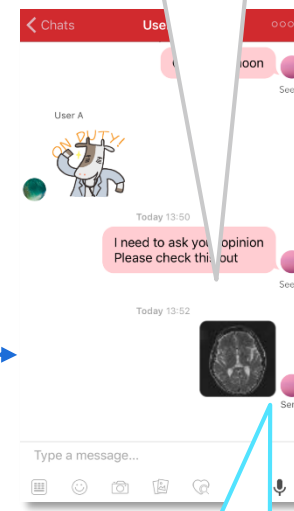

② Choose an examination and tap it

③ Tap "Send"

④ Tap the thumbnail to view

Preview Screen

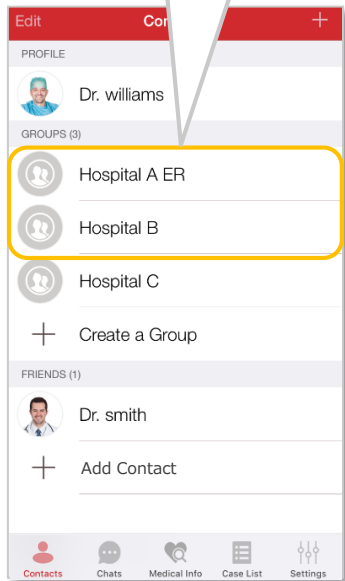

The image will be sent on the chat room

- *Users who belong to the same tenant can share and view images in a chat room.
- *You won't be able to see images of different tenants unless managers set permission.
- *An error message will be displayed if you don't have relevant permission.

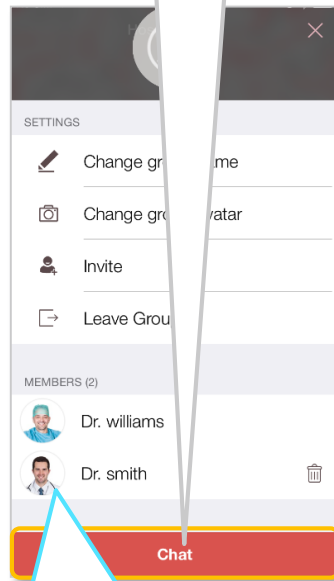

Group Chat

▼ Start a group chat

① Tap a group name

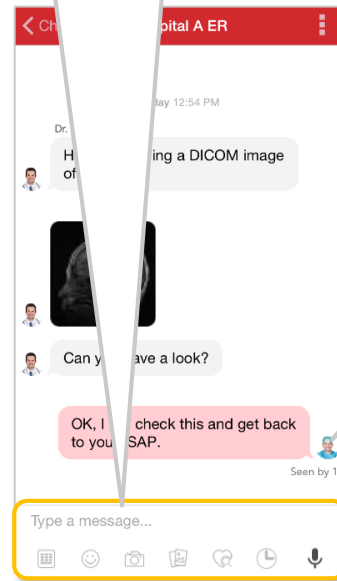

② Tap "Chat"

List of users who belong to the group is displayed.

③ Input a text message and tap "Send" to post

If you tap the aviator...

If the user is on your contact list, user detail screen will be shown.

If not, you can add him/her by tapping "Add Friend".

Group Chat Functions ①

▼ Top Menu

You can change group name and avatar, invite and delete members, etc.

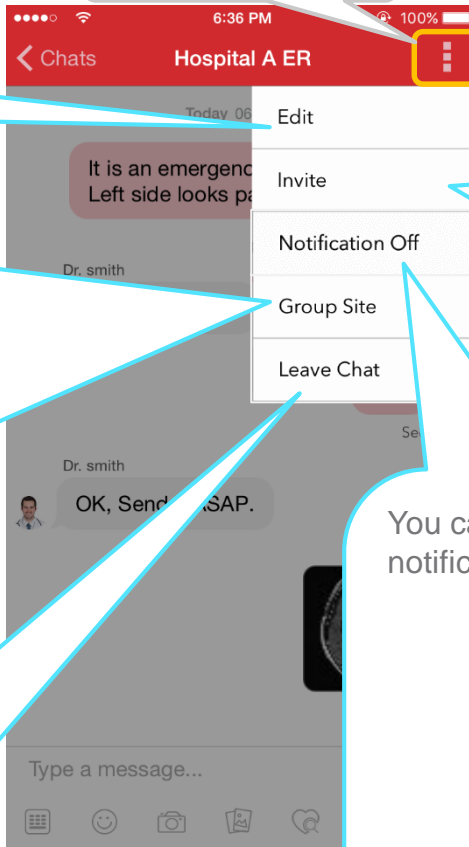

It will be displayed only if group site is set by management function.

Tap to play

Web page will be displayed on a browser if link to the page is set.

Leave the group

Tap [...]

You can invite your contacts to a group.

Tick a friend and tap "Select"

You can turn on/off notification of each group.

Group Chat Functions ②

▼ Bottom Menu

You can use various functions from the bottom menu.

The diagram illustrates the bottom menu of a group chat interface, which includes the following functions:

- Input text messages**: A callout pointing to the text input field.
- Take photos/videos**: A callout pointing to the camera icon.
- Record voice messages**: A callout pointing to the microphone icon.
- Stroke Protocol**: A callout pointing to the protocol icon.
- Display stickers**: A callout pointing to the sticker icon.
- Select photos/videos**: A callout pointing to the photo gallery icon.
- Medical Information**: A callout pointing to the medical information icon.

Below the main interface, three examples are shown:

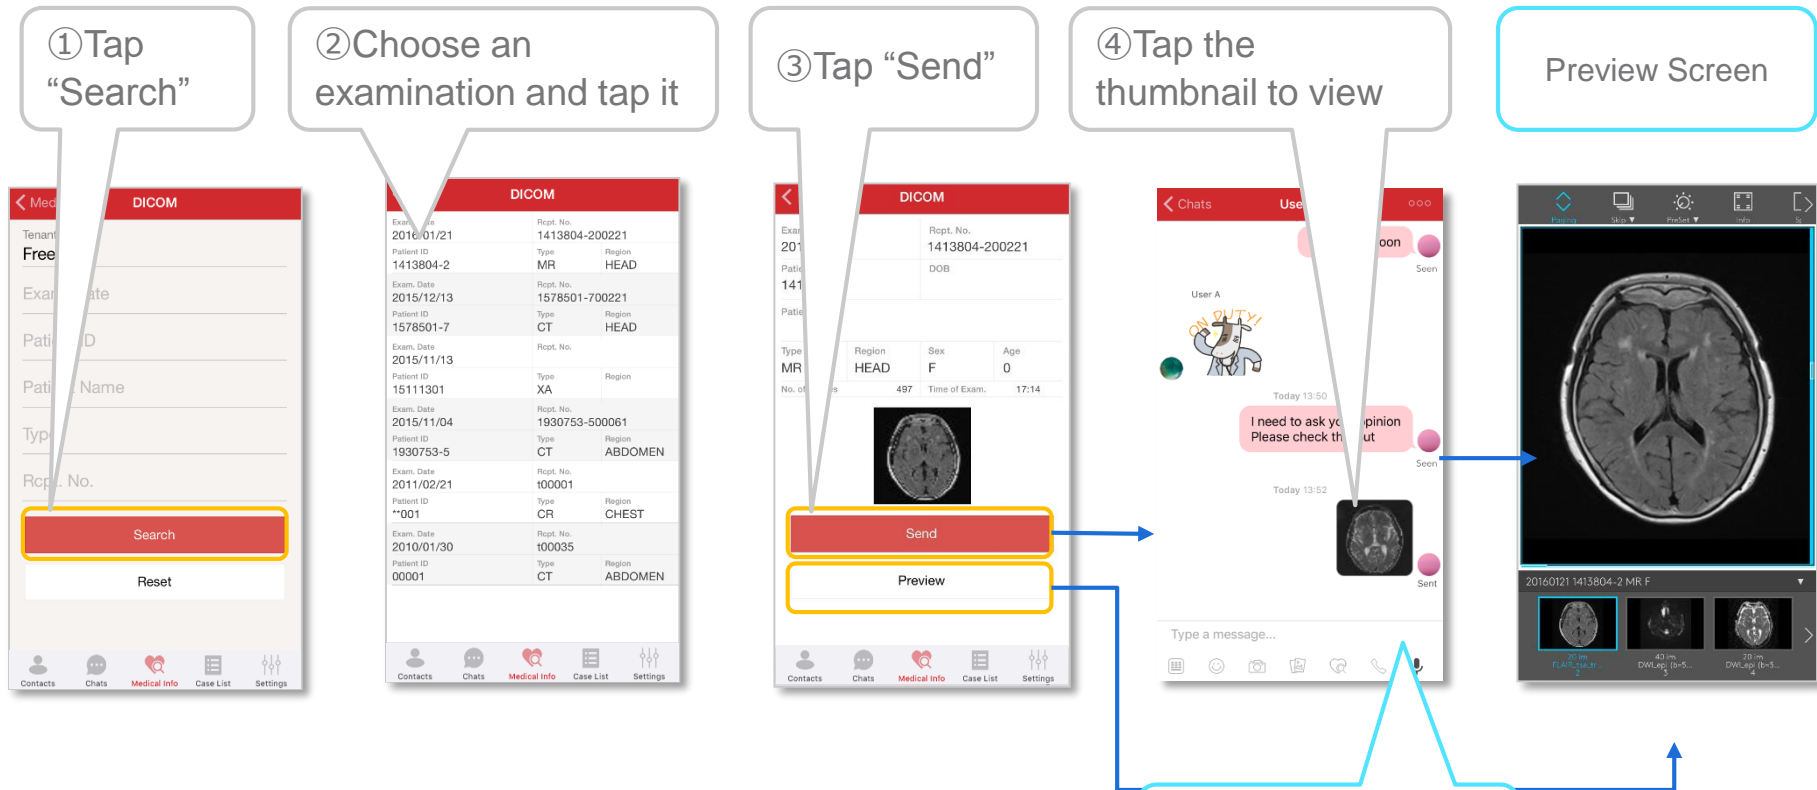

- Stickers**: A screenshot of the sticker selection screen, showing various cartoon cow stickers. A callout indicates: "Up to 5 items can be selected and sent at the same time."
- Select photos/videos**: A screenshot of the photo gallery selection screen, showing a grid of photos and videos. A callout indicates: "Up to 5 items can be selected and sent at the same time."
- Medical Information**: A screenshot of the medical information screen, showing options like "DICOM", "Laboratory Tests & Prescription", and "Cancel". A callout explains: "If you tap 'DICOM', you can select a DICOM image and post it to the current chat room. (Explained in the next page)"

On the right side, a screenshot of the "Stroke Protocol" form is shown, with a callout indicating: "You can quickly post an case event. (Explained later)"

Cancel	Protocol	Send

DATETIME		
Oct 16, 1:08 PM		

Group Chat Functions ③

▼ View & send DICOM images

*Users who belong to the same tenant can share and view images in a chat room.

*You won't be able to see images of different tenants unless managers set permission.

*An error message will be displayed if you don't have relevant permission.

The image will be sent on the chat room

Notifications

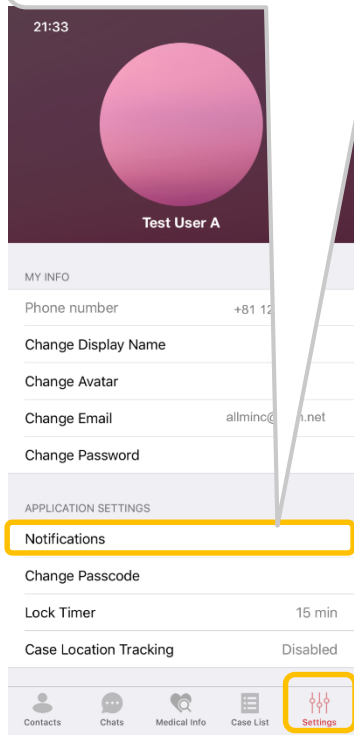

▼ Change notification sound

You can select and set a notification sound you like from the list.

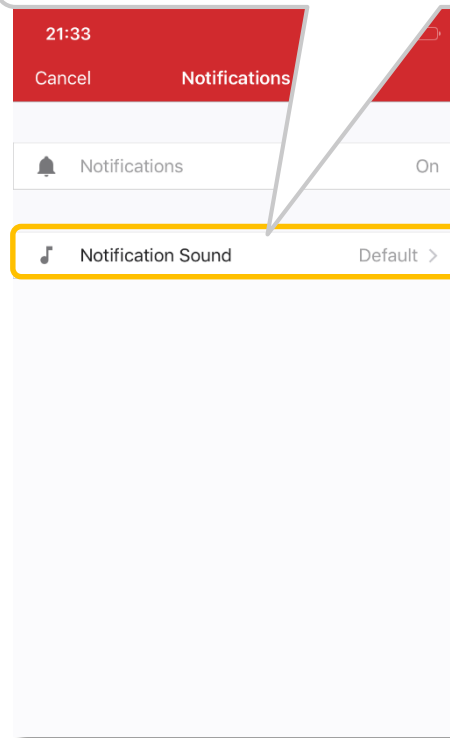

*To turn off notifications from Join, please follow the step below:

Go to OS Settings ⇒ Select “Join” ⇒ Tap “Notifications” ⇒ Turn off

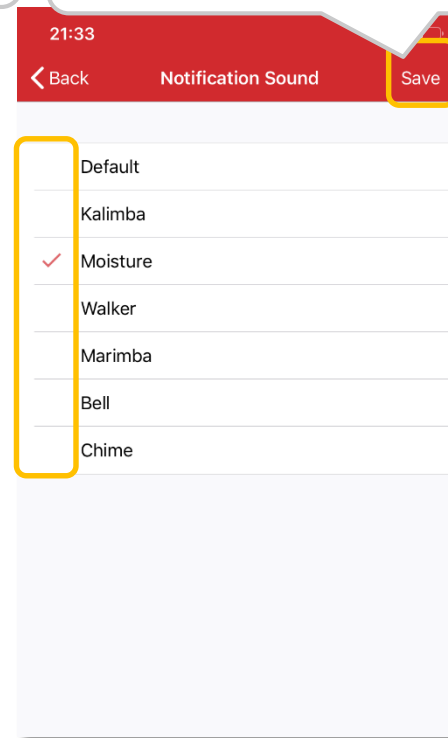

① Tap “Notifications”
in Settings menu

② Tap “Notification Sound”

③ Select a sound and
tap “Save”

The selected
sound will be set

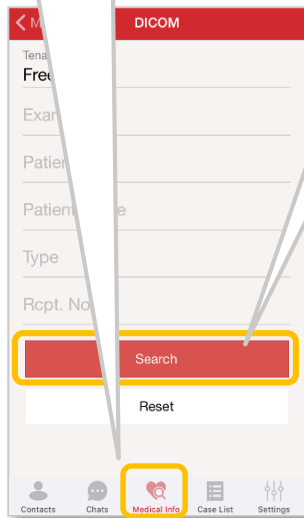

*The selected notification sound will be applied to any notification sent from Join.

*The sound can not be set per group.

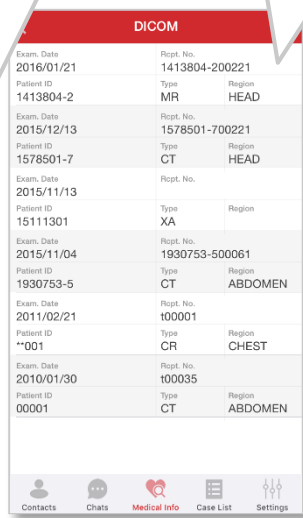

DICOM Image Acquisition

▼ DICOM viewer

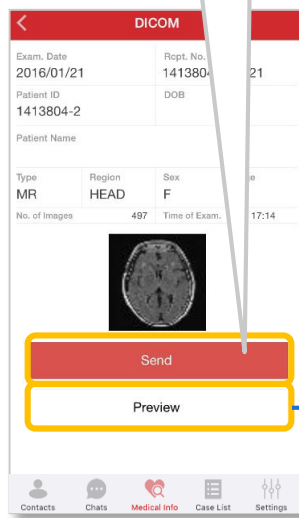

① Tap “Medical Info”

② Tap “Search”

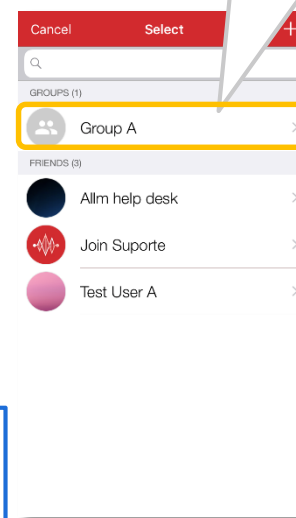

③ Choose an examination and tap it

④ Tap “Send”

⑤ Select a chat room and tap

Preview Screen

*Users who belong to the same tenant can share and view images in a chat room.

*You won't be able to see images of different tenants unless managers set permission.

*An error message will be displayed if you don't have relevant permission.

▼ Split view mode

If you turn your device sideways when you are seeing the DICOM image posted in the chatroom, split view mode, which let you see both DICOM viewer and chatroom, is available.

① Tap the thumbnail to see the DICOM image

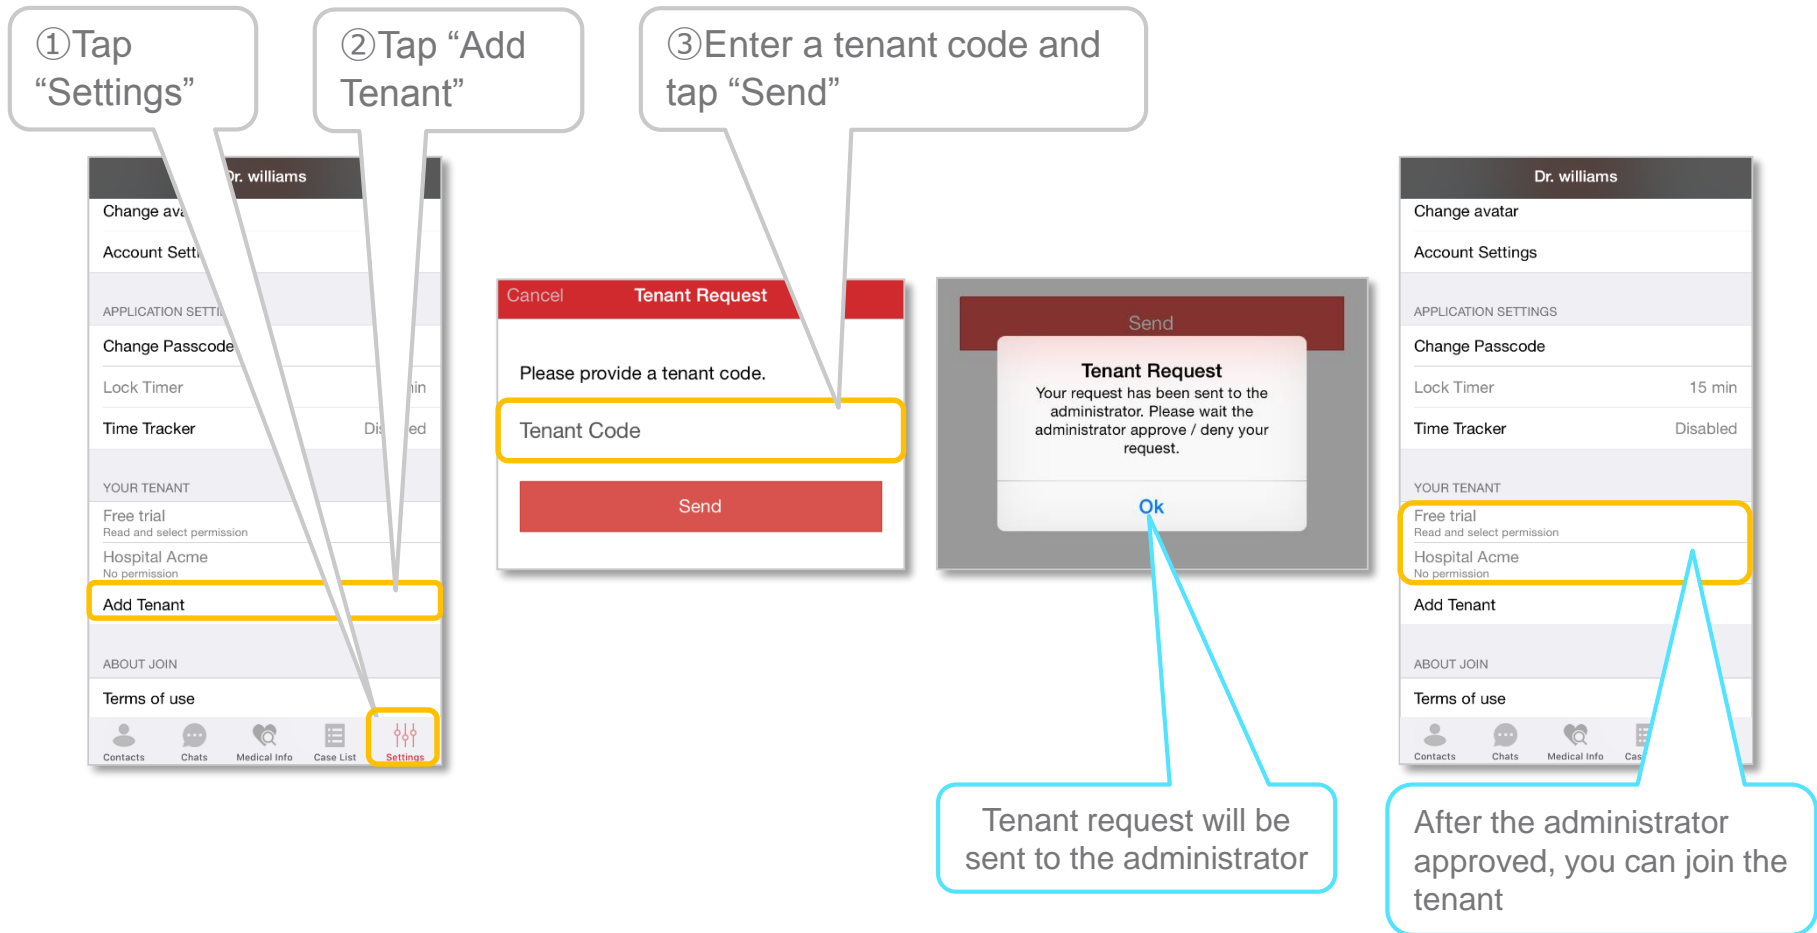

② Turn the device sideways

※This feature is available only on iPad.

Belonging to Multiple Tenants

▼ Register multiple tenants

*It may take a while to be reflected after sending a request.
You need to reboot the app to update display of your tenants in Settings.

Case Registration Functions ①

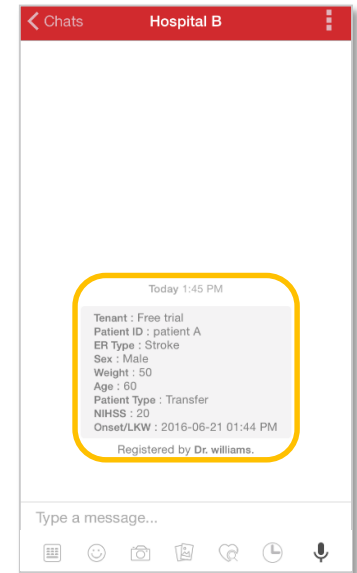

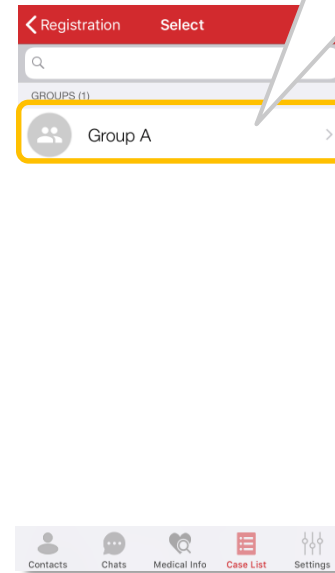

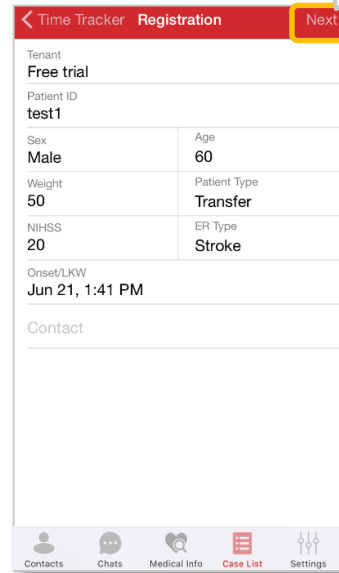

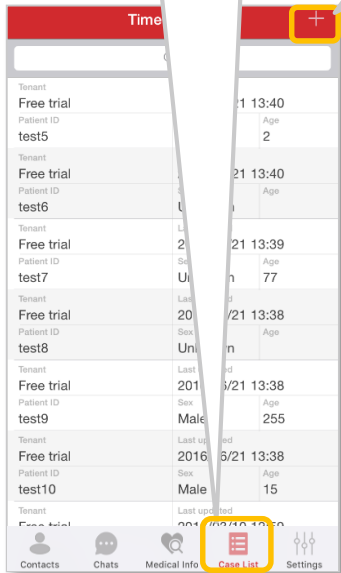

▼ Register an case event

① Tap “CaseList”

② Tap “+” to register

③ Enter information and tap “Next”

④ Select a group to save

*If you don't have permission to add cases “+” button will not be displayed.

Registered information will be posted to the group chat when you save it.

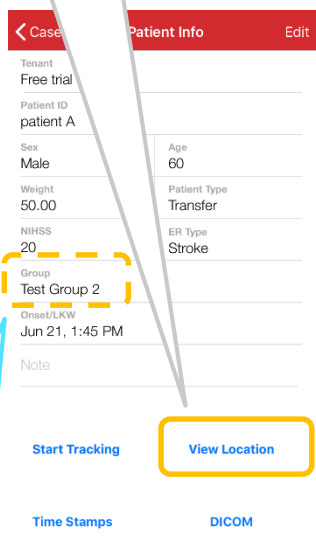

Case Registration Functions ②

▼ View patient information

① Tap patient information

② Tap "View Location"

③ Tap to refresh location info

④ Tap to view location

*An error message will be displayed if you don't have relevant permission.

You can open a chat for the group in which the patient is registered.z

Date time when the patient passed the location will be displayed.

Conditions to send location information

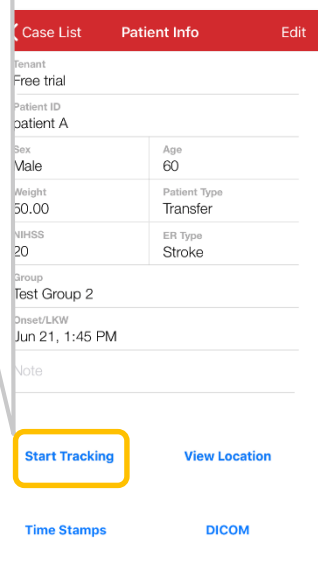

A pin will be added on the map when one of the following applies.

- Move 200m
- Move for 8 seconds
- More than 5 minutes idle time is passed

Case Registration Functions ③

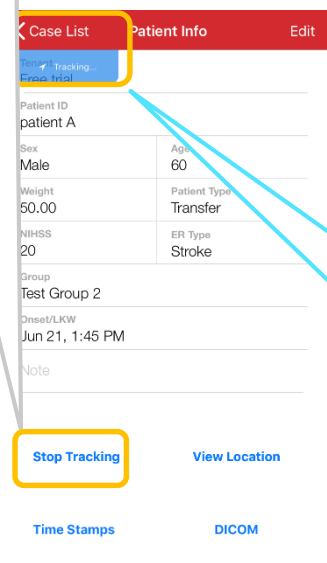

▼ Start and stop tracking

Tap "Start Tracking" to start.

The screenshot shows the 'Patient Info' screen with a red header bar containing 'Case List', 'Patient Info', and 'Edit'. The patient information includes: Tenant: Free trial, Patient ID: patient A, Sex: Male, Age: 60, Weight: 50.00, Patient Type: Transfer, NIHSS: 20, ER Type: Stroke, Group: Test Group 2, Onset/LKW: Jun 21, 1:45 PM, and a Note field. At the bottom, there are buttons for 'Start Tracking' (highlighted with a yellow box), 'View Location', 'Time Stamps', and 'DICOM'.

Tap "Stop Tracking" to stop.

The screenshot shows the same 'Patient Info' screen, but the 'Start Tracking' button has been replaced by a 'Stop Tracking' button (highlighted with a yellow box). A blue box highlights the top status bar area, and a blue arrow points from a callout box to it.

A blinking arrow is displayed on top of screens while it's tracking location.

*Tracking is set to off by default.
You need to enable tracking on the Settings.

Case Registration Functions ④

▼ Edit patient information

① Tap "Edit"

② Edit patient information

③ Tap "Save"

The first screenshot shows the 'Patient Info' screen with the following details:

- Tenant: Free trial
- Patient ID: patient A
- Sex: Male, Age: 60
- Weight: 50.00, Patient Type: Transfer
- NIHSS: 20, ER Type: Stroke
- Group: Test Group 2
- Onset/LKW: Jun 21, 1:45 PM
- Note: (empty)
- Buttons: Start Tracking, View Location, Time Stamps, DICOM

The second screenshot shows the 'Edit' screen with the following details:

- Tenant: Free trial
- Patient ID: patient A
- Sex: Male, Age: 60
- Weight: 50.00, Patient Type: Transfer
- NIHSS: 20, ER Type: Stroke
- Hospital B
- Onset/LKW: Jun 21, 1:45 PM
- Contact: (empty)

The third screenshot shows a chat interface with the following details:

- Chats: Hospital B
- Today 1:45 PM
- Tenant: Free trial
- Patient ID: patient A
- ER Type: Stroke
- Sex: Male
- Weight: 50
- Age: 60
- Patient Type: Transfer
- NIHSS: 20
- Onset/LKW: 2016-06-21 01:44 PM
- Registered by Dr. williams.
- Today 3:23 PM
- Tenant: Free trial
- Patient ID: patient A
- Onset/LKW: 2016-06-21 01:45 PM
- Updated by Dr. williams.
- Type a message...

Edited items are automatically posted to the group chat when you save it.

Case Registration Functions ⑤

▼View DICOM

① Tap "DICOM"

The screenshot shows the 'Patient Info' screen. At the bottom, there are two buttons: 'Time Stamps' and 'DICOM'. The 'DICOM' button is highlighted with a yellow box. A callout bubble points to it with the text '① Tap "DICOM"'. The screen also displays patient information such as Tenant (スキルアップジャパン株式会社), Patient ID (y), Sex (Unknown), Age, Weight, Patient Type (Transfer), NIHSS, ER Type (Stroke), Group (謎メン), Onset/LKW, and Note.

② Tap a DICOM image to view

The screenshot shows the 'DICOM' screen with a list of three DICOM images. The first item is highlighted with a yellow box. A callout bubble points to it with the text '② Tap a DICOM image to view'. The list includes Exam Date, Time of Exam, Patient ID, Type, and Region.

Exam Date	Time of Exam	Patient ID	Type	Region
2014/07/04	12:23	Anonymous	CT	NECK
2014/07/02	16:20	Anonymous	CT	NECK
2012/01/12	20:45	Anonymous	MR	

The screenshot shows the 'DICOM' screen with a preview of a DICOM image. The image is a CT scan of a neck. Below the image are buttons for 'Send' and 'Preview'. The 'Preview' button is highlighted with a yellow box. The screen also displays patient information such as Exam Date, Time of Exam, Patient ID, Patient Name, Type, Region, Sex, Age, No. of Images, and Rcpt. No.

Exam Date	Time of Exam	Patient ID	Patient Name	Type	Region	Sex	Age	No. of Images	Rcpt. No.
2014/07/04	12:23	Anonymous		CT	NECK	O	0	369	

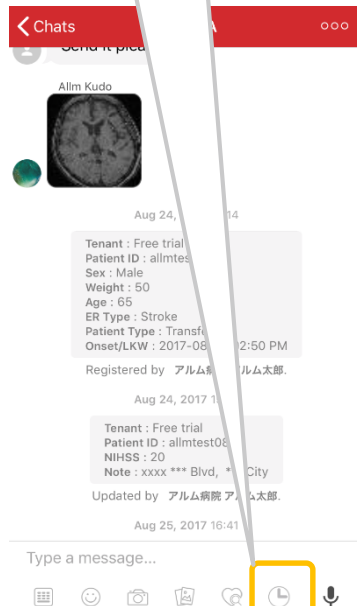

※The app configures Tenant name and Patient ID and a list of DICOM images of a patient is displayed.

Detail information of the DICOM image can be reviewed.

Protocol

▼ Post a protocol
