

On this page you will find more information about our

Empathy partners:

Asociación BABELIA

The main objective of Babelia Association is the promotion of intercultural coexistence and equal opportunities within Spanish society. It acts as an intermediary between the migrant population and public and private entities, as well as between the foreign and native population. To this end, it organises courses in intercultural mediation, language teaching, such as Arabic or French, and provides support to foreigners on administrative issues.

Migrant Integration Centre in Braşov

The Migrant Integration Center Brasov provides free information and counseling sessions for refugees and other migrants from NON-EU, EU and SEE countries. Their community center provides Information and Counselling, offers romanian language classes and carries out support activities for Migrants living in Brasov. Additionally, they carry out various activities with the aim to familiarize migrants with Romanian traditions and culture, and to familiarize the Romanian community with the cultural diversity of the city.
