## **Interview with Prof Qerimi on RTK Radio Kosova**

Our esteemed colleague and International Expert on Albanian Customary Law, Professor Islam Qerimi (Dean at the Faculty of Law of the University of Isa Boletini in Mitrovica, Kosovo) was today a guest at Kosovo's main radio station, where he also spoke about and praised the newly concluded cooperation agreement between the Faculty of Law of the University of Isa Boletini and FRIMAP Partner UG in Essen.

The aim of the agreement is mutual support and exchange to promote training and practices in the fields of mediation and other alternative dispute resolution (ADR), including Albanian common law.

We are very pleased about this German-Kosovar cooperation and thank Professor Qerimi and our Kosovar colleagues for their great commitment.
