THE EXCLUSIVE LEADERSHIP PROGRAM FOR WOMEN
www.leadershipnext.de

Meet our Fellows

"At Audi of America, we are committed to driving progress through innovation, equity and inclusion. As a female leader in a male dominated field, I'm grateful for the opportunity to participate in programs like LeadershipNext Academy to learn and exchange with other women on our path toward a more inclusive and gender equitable future."

Mirjam Abel,
VP Digital Business USA & CA, Audi of America

"The Program has the right mix of content to help us women strengthen our leadership competencies, personal impact and negotiation skills! We women need to start shifting from thinking "I'm not ready for that" to thinking "I want and I will do that – and I'll learn by doing it."

Paola Morales
Head of IT Governance & Special Projects Banco Santander

"I would like to thank Sabine Hansen and the excellent team of associates for this great leadership journey, full of business insights, personal experiences and success stories, inspiring discussions, self reflections and high positive energy. It has been an honor to be part of this great program!"

Christina Gialama,
Director, ICT Consulting, Solutions & Service Management, OTE Group of Companies (HTO)/Deutsche Telekom AG

Thank you so much for a very fantastic module!"

Simona Grandits
Director, Head of Global Emerging Markets Eastern Europe, Middle East and Africa, QIAGEN

OUR MISSION - GO THE EXTRA MILE!

What challenges will managers face in the future and how can they overcome them? The LeadershipNext Academy offers a hybrid learning journey of a special kind for female managers.

We address the topics and competencies you need to get - and stay - at the top level as a woman! Our high-ranking faculty members teach the necessary skills - not academically, but practically and from their respective positions.

Together, we go on a learning journey that enables ambitious women to promote their strengths and expertise in direct exchange with our faculty members and their peers in order to take the next step on their career ladder.

OUR PURPOSE

We build on the unique experiences of our cross-mentoring program of the Initiative Women into Leadership e.V. (www.iwil.eu) and have made it our goal with our LeadershipNext Academy to create a broader format for women on their way to the top level. In doing so, we live up to our values of diversity and inclusion and enable female leaders to create greater impact in the network and build practical skills.

Technical brilliance, strategic vision and high commitment are necessary, but they are not the only cornerstones of a successful career, because advancing to top management requires more: strategic career planning, the right networks and sparring at top level.

www.leadershipnext.de

YOUR LEARNING JOURNEY

This is all about you! With the LeadershipNext Academy, you prioritize the content that will strategically advance you on your career ladder. We take experienced managers and top talents on a special learning journey, both digitally and on-site, to spar with CEOs, board members and top managers to gain a deeper understanding of leadership competencies, bring about innovation and prepare specifically for the next step.

The LeadershipNext Academy is a fully-blended learning format. That's why we offer female executives a hybrid program around leadership, performance and impact skills.

Our faculty members will provide you with a deeper understanding of leadership competencies through interactive sessions, but at the same time we will create a peer-to-peer exchange so that you can advance each other. This will be facilitated by the subsequent case study in your respective group, which you will present and discuss together at the end of the learning session.

Time Frame: Our program offers four learning journeys and accompanies you over 10 to 12 weeks each. It is also possible to participate in only one of our live sessions.

www.leadershipnext.de

UNSERE MISSION GO THE EXTRA MILE!

PROGRAM TYPE

- Our learning journey consists of pre-work sessions, six 180-minute online modules in class, and three half-day live sessions with a final networking event together with the IWiL community.
- Participation in monthly digital/live Wine & Cheese evenings with top speakers.
- As well as a personal final mentoring conversation with a faculty member of choice.
- Pre-Work assignments, course materials, speaker notes and session videos are exclusively available via our LNA learning hub to our fellows.

TECHNICAL REQUIREMENT

- Laptop, tablet or smartphone, the Zoom app and of course a stable internet connection

COSTS

- Total learning journey 5.500 € (plus VAT)
- Total learning journey for IWiL member companies of IWiL 3.850€ (plus VAT)
- Single live module 1.500 € (plus VAT)
- Single live module for IWiL member companies 1050 € (plus VAT)
- Single online module 1.000 € (plus VAT)
- Single online module for member companies of IWiL 700 € (plus VAT)

TARGET GROUP

- Female talents who want to move up to top management and advance practically with the ideal participant profile: higher manager, department head, team leader, content lead, high potential.

UNSERE MISSION GO THE EXTRA MILE!

LEADING IN AN UNCERTAIN WORLD

- Develop your personal career plan upwards together with the coaching expert

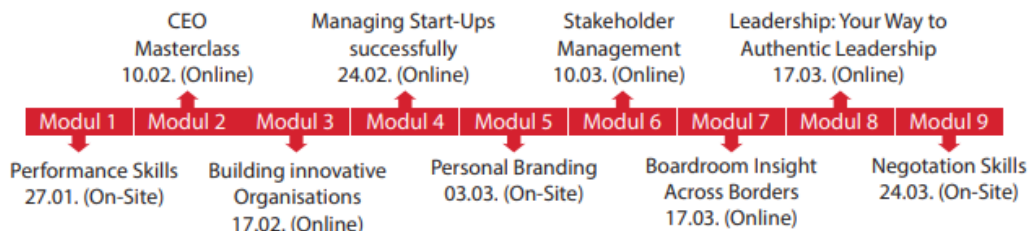

DEVELOPING PRESENCE AND DRIVING CAREER SUCCESS

- Together with the coaching expert, you will identify your key competencies based on your track record and performance.
- Learn how to effectively leverage your personal networks, mentors and supporters to advance your career

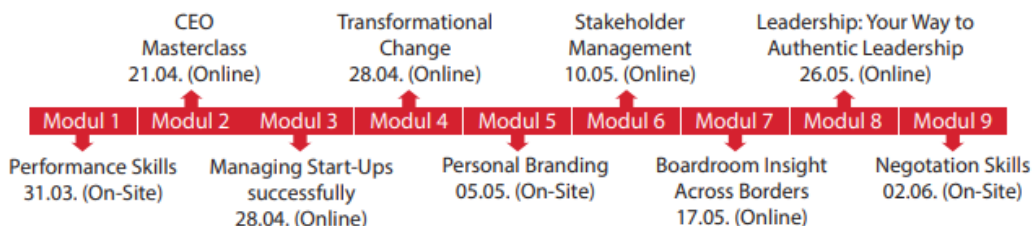

YOUR LEARNING JOURNEY OF A SPECIAL KIND

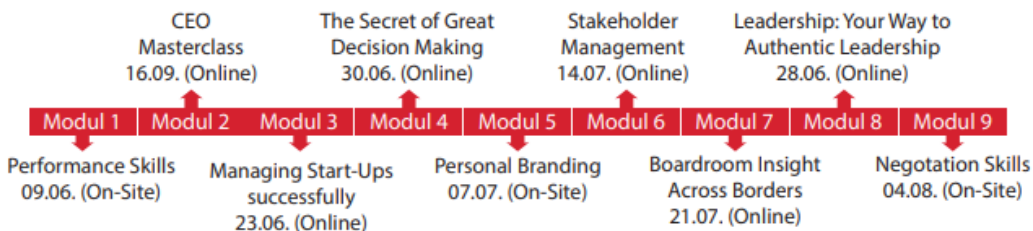

Winter Class 2023

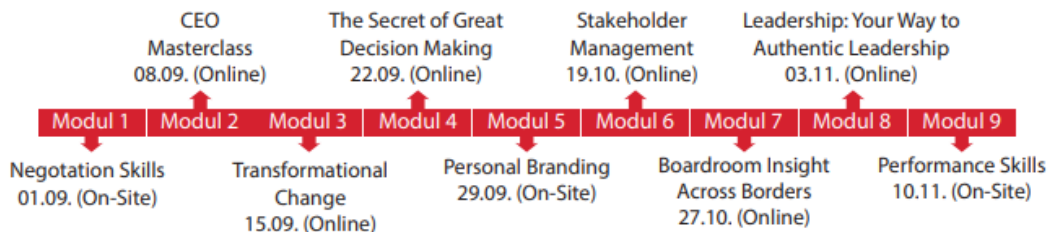

Spring Class 2023

Summer Class 2023

Fall Class 2023

YOUR LEARNING JOURNEY OF A SPECIAL KIND

YOUR BENEFITS

How does modern leadership work? How do you communicate and negotiate with stakeholders in a targeted manner and how do you draw attention to yourself? These are all topics that you will learn in our nine modules in 10 - 12 weeks. The interactive sessions offer you as a Fellow a personal exchange with your peers as well as the respective faculty member.

In addition, a face-to-face or digital meet-up with a faculty member of your choice is available to provide you with individualized support and to address sensitive topics. At the same time, as a Fellow you will have access to a valuable network of the initiative Women into Leadership e.V. Together we will design your career plan and bring you to the top.

OUR WINE & CHEESE EVENINGS!

Whether at an online or live event:

In our exclusive Wine & Cheese Talk series, interesting personalities talk about their career path or their innovation story and get into a personal exchange with guests.

For the latest dates, please visit our website:
