

# Electric Cylinder CTC

Linear motion smart solved.

- ✓ IO-Link positioning drive
- ✓ Speeds from 600 - 1200 mm/s
- ✓ Forces from 800 - 1400N
- ✓ Same length as ISO pneumatic cylinder
- ✓ Cost-effective alternative to servo drives
- ✓ 24V - 48V power supply

**IO-Link**

**Servo-Axis**

*flexibility in motion*

# Electric Cylinder CTC

Configure your Cyltronic electric cylinder

different **requirements**

various **possibilities**

Cylinder CTC-\_-**A**  
with external thread

Cylinder CTC-\_-**V**  
with integrated round guides  
and end plate

Cylinder CTC-\_-**F**  
with linear guide  
and end plate

Cylinder CTC-\_-**I**  
with internal thread
