# Inviting and Intimate

*New Works at IMM Cologne and Stockholm Furniture Fair 2020*

The start of a new year brings new additions and updated classics. New Works has spent the past five years refining a collection of sculptural and sensual objects built on our core values. This has never been more evident than through our presentations as part of IMM Cologne and Stockholm Furniture Fair. Displaying objects that focus on honest materials and expert craftsmanship set within an intimate series of spaces, we will unveil experimental and ground breaking approaches to production through work that retains a tactility into their final form.

Working once again alongside Lotta Agaton Interiors, we will transform the concept of the trade fair stand into a series of tranquil and inviting spaces in which to connect and escape. Taking cues from our newly completed Copenhagen showroom space, a strong architectural layout creates a series of rooms within rooms full of welcoming textures and tones. A mix of soft, flowing forms and natural materials in warm tones provides the perfect ambiance in which to experience each space.

A more architectural focus than previous editions, the strong yet tactile world of Vincent Van Duysen has provided inspiration. Simple yet sensual, intimate yet inviting. We cannot wait to welcome you.

The well-rounded maturity of a growing collection will be on full display as we welcome four new collections from four new collaborating designers. Designed by Regular Company, the Missing chair is our take on a highly functional cafe chair, a sculptural silhouette with all the right ingredients. Swiss duo Panter Tourron add a stunning pendant lamp from their Dezeen Award Winning Tense collection. The Pleat pitcher by Omayra Maymo adds to our range of sculptural tableware. Alongside extensions to our Florence table range and Karl-Johan lighting collection, our unique take on the perfect Scandinavian interior continues to evolve.

We welcome you into the world of New Works.

## Missing Chair

*Regular Company*

The Missing chair appears as if a simple line drawing has sprung into life. Sensual yet strong, the soft curve of each line creates a whimsy that is hard to describe. Straight lines have been softened, allowing the timber seat and back to appear as if floating above the thin steel frame. What remains are the bare essentials in our own interpretation of the humble cafe chair: light, stackable and durable, completed by a highly comfortable silhouette.

### *Materials*

Powder coated steel frame with seat and back in moulded plywood. Seat and back comes in selected wood veneer or/and upholstery.

### *Dimensions*

With Armrest - H 780 x W 545 x D 530 mm

Without Armrest - H 780 x W 465 x D 525 mm

## Florence Coffee and Side Table

*New Works Studio*

With the additions of the Florence coffee and side table, a bold simplicity has been brought into more intimate surrounds. These smaller family members seek to provide the perfect platform on which to display the objects of living. With an angular black steel frame offset by a rounded black marble table top; this new scale creates the perfect subtle centre-piece.

### *Materials*

Powder coated steel frame with table top in black marble.

### *Dimensions*

Coffee Table - H 320 x Ø 900 mm

Side Table - H 470 x Ø 500 mm

# Pleat Pitcher

*Omayra Maymo*

The Pleat pitcher adds to our growing collection of table top items that mix everyday functionality with a sculptural touch. Alongside Ripple and Aura, a polished stainless steel silhouette allows it to reflect its surroundings whilst maintaining a unique presence. With one simple pull on the cylindrical exterior, a perfect spout is formed. Whilst creating a highly functional piece, this action accentuates both the strength and simplicity of the Pleat pitcher.

*Materials*  
Mirror-polished stainless steel

*Dimensions*  
H 220 x Ø 90 mm

# Florence Side Table

*New Works Studio*

*Materials*  
Powder coated steel frame with table top in black marble.

*Dimensions*  
Coffee Table - H 320 x Ø 900 mm  
Side Table - H 470 x Ø 500 mm

# Tense Pendant Lamp

*Panter & Tourron*

Stretching to over one metre in length, the Tense pendant lamp appears like a soft cloud has floated in. A truly modern construction, its soft Tyvek diffuser represents a material both durable and soft – whilst being 100% recyclable. The flexibility of this paper-like diffuser allows its slim frame to accentuate the cloud like qualities of the Tense pendant lamp. Finished with a slimline LED light source, all components fit into a tube for ease of transport. A truly modern approach to lighting.

*Materials*

Shade in Tyvek membrane (100% recycled) thightened up with carbon rods, cord in black PVC and dimmable LED light source.

*Dimensions*

Medium - H 150 x W 800 x D 900 mm

Large - H 150 x W 1100 x D 1200 mm

## Lantern Globe Lamps

*Anderssen & Voll*

Expanding into every aspect of the contemporary interior, the Lantern Globe Lamps complete this iconic series. The lamps feature a simple black steel support and fixing that allows the soft illumination of the rippled glass globe to shine brightest. Inspired by traditional Chinese rice paper lanterns, these additions allow you to take the series into all corners of the home – from bedside to the entry, kitchen to the reading room.

### *Materials*

Shade in mouth blown frosted opal glass, powder coated base in casted iron and black PVC cord with dimmable switch.

### *Dimensions*

Globe Table Lamp, Small - H 220 x Ø 200 mm

Globe Table Lamp, Medium - H 320 x Ø 300 mm

Globe Floor Lamps, Large - H 420 x Ø 400 mm

# Florence Rectangular Dining Table

*New Works Studio*

With strength in its simplicity, the Florence dining table grows once more into a new rectangular configuration. Two simple steel framed legs allow this larger version to extend into bigger dining areas as well as work settings. With a wooden table top, Florence's strong yet subtle presence allows the function of daily life to take centre stage.

*Materials*  
Powder coated steel frame with table top in plywood with selected wood veneer.

*Dimensions*  
H 740 x W 1100 x L 2400 mm

## Karl-Johan Pendant Lamp

*Signe Hytte*

The Karl-Johan pendant lamp focuses on the soft yet distinct silhouette of its predecessor. The material combinations of the table and wall lamp have been removed, allowing the rounded glass form to shine brightest. A compact LED light source bounces light around the globes interior, creating a volume free of visual interference. The latest Karl-Johan family member has all the required ingredients, and nothing more.

### *Materials*

Shade in mouth blown opal or smoked glass with black powder coated steel fitting included dimmable LED light source and black PVC cord.

### *Dimensions*

Small - H 140 x Ø 230 mm

Large - H 240 x Ø 400 mm

**Material Table, Wall & Pendant Lamp**  
**in Opal Glass and Stainless Steel**  
*Noergaard & Kechayas*

With the Material Pendant being our most popular product since day one, we are more than excited to extend this strikingly minimalist range. The introduction of the Material Table Lamp and Material Wall Lamp allows you to bring the beauty of natural materials into every room of the house. Both products feature a pivoting head for added function, and a sleek black frame that places your chosen material front and centre. From the warmth of mixed cork and terracotta, to the textural concrete finish, the Material series is perfect for those intimate settings.

*Materials*  
Shade in mouth blown opal glass or mirror polished stainless steel, base in black powder coated aluminum with steel details and black PVC cord. Three-step dimmer on table lamp and on/off switch on wall lamp

*Dimensions*  
Table Lamp - H 450 x W 190 x D 250 mm  
Pendant - H 140 x Ø 130 mm  
Wall Lamp - H 230 x W 130 D 185 mm

## Designers

*We are proud to welcome three new design profiles as part of our collection*

### *Omayra Maymo*

The studio of Omayra Maymo explores the expressive and storytelling ability of design. The Copenhagen based Spanish designer utilises the natural qualities of materials, often testing the boundaries of conventional production with an aim at providing a new perspective within the design industry. Mixing narrative driven design with highly functional objects, her work promotes emotive based design.

### *Panter & Tourron*

With a strong focus on research into new formal codes and visual experiences, the Swiss studio of Panter & Tourron works at the intersection of technology, design and society. Material and technological innovation allows for unexpected work that is set to redefine a new vision of luxury. Fresh from collecting the Dezeen Award for their innovative Tense collection, the studio pushes the boundaries of contemporary design today.

### *Regular Company*

The Croatian studio Regular Company works across design fields including product, interior, branding and digital design. Headed by Ruder Novak-Mikulic, Marinko Murgic and Tihomir Filipec, the studio's work presents a unique ability to mix highly functional pieces with an experimental approach to form and function. Modest yet intriguing, their work has won a number of awards since their formation in 2015.
