SEALINE C390  
CHALLENGE THE  
IMPOSSIBLE

# LEISURE AND LUXURY HAVE A NEW HOME

## LARGE BATHING PLATFORM

Dive, swim, sunbathe ... all from the extra-large bathing platform. Featuring a hydraulic lowering mechanism, it is the perfect place for relaxation.

## BARBECUE BY THE SEA

The optional outdoor grill, which has been specially developed for Sealine yachts, turns each meal into an exceptional experience.

## THREE CABINS ACROSS 40 FT

Three double cabins and two bathrooms offer elegant living like no other – and give each person on board their own favourite spot.

## ENJOY ENDLESS PANORAMIC VIEWS

The hatchless glass design creates mesmerizing moments. Only Sealine delivers such a grand, spacious view in all directions.

## LOTS OF AIR AND SUNLIGHT

Saloon and cockpit blend into a charming open space. The electric sunroof and the sliding door at the helm intensify the open feeling.

## SUPERB SEATING ARRANGEMENTS

The highly versatile saloon furniture includes a L-shaped sofa with chaise-longue function, a double pilot seat and a co-pilot bench.

TREND-SETTING DESIGN

CLASS, CLARITY, CHARACTER.  
THE C SAYS IT ALL.

More panorama. More sunlight. More freedom. With the Seafine C390, these aspirations take on a striking form. Every curve, every line, every surface is designed to create the most intense motor yacht experiences.

Floor-to-ceiling panoramic glass and large hull windows enchant the senses. Skylights and sliding roof panels give you the feeling of being in the open air. The Seafine C390 uses glass masterfully. And the result? A design that presents the sea in all its beautiful guises – and puts most of them in the shade.

All Seafine yachts are born of the same values. They feature wide interior spaces, amazing natural light and outstanding design with German engineering inside. Through these hallmarks, the C390 displays the true spirit of Seafine.

EXTERIOR DESIGN

## WELCOME TO THE SUNNY SIDE OF LIFE

Enjoy every ray of sunshine. Live out moments like never before. The Seafine C390 is ready for it. Behind its puristic appearance lies a level of on-board comfort that defines new standards of opulence for yachts up to 40 feet.

The cockpit area and saloon are connected by a bifold door and tilt-up window. When both are open, you enjoy one-level living on sunny days – or panoramic views when they are closed. Surprise your guests with culinary treats from the outdoor barbecue, or indulge in some watersports from the extra-long bathing platform. And when it is time to relax, turn the cockpit into a lounge landscape. Whatever you choose, you'll revel in every moment at sea.

Enjoy a spectacular view ahead from the foredeck, which can be transformed from a sunbed into a comfortable bench in a matter of seconds. The ease with which you can reach the bow is another special feature of the Sealeine C390. Simply step through the sliding glass door right by the helm seat and along the extra-wide side deck.

From sophisticated marinas to first-class architecture – the exterior appearance of the Seafine C390 guarantees a superior impression in every setting. The yacht embodies a quality of life that guests will be drawn to. And they won't be disappointed: several refrigerators, an outside grill, three seating areas and two guest cabins make it easy for you to invite your friends on board. For an unforgettable time at sea – or for a glamorous evening at anchor.

## MAKING EVERY MINUTE A PRECIOUS MOMENT: THE INTERIOR

The interior design of the Sealine C390 is a combination of expressive craftsmanship and state-of-the-art precision technology – all strictly according to your style choices. Just one trip will persuade you that this is the ultimate lifestyle.

The saloon of the Sealine C390 exemplifies the idea of the all-weather yacht and represents a luxurious world of its own. Perfect all-round visibility comes courtesy of the one-piece windscreens. The versatile equipment list includes sophisticated extras, such as the extendable chaise longue. With two fridges and a fully equipped galley, you can satisfy every culinary desire. To best appreciate the interior aesthetics, the galley can be concealed under an elegant wooden cover.

Streaking across the sea pushed by 740hp is enough to thrill anyone. That's why the Seafine C390 isn't satisfied with a double helm seat. Simply adjust a sofa back to create an additional passenger bench on the port side. That way, four of you can enjoy the impressive performance and smooth ride of your Seafine yacht.

All round natural light - Seafine holds true to this signature trait even below deck.  
The sun's rays set off the exquisite selection of materials in the master cabin.  
The composition of specially designed fabrics, artfully finished woods and mirrored  
cabinet doors creates the perfect setting for the king-size island berth. Store your  
luggage in style in the cleverly-integrated storage compartments.

The Sealine C390 offers two shower rooms below deck, with the owner naturally enjoying their own en-suite wellness area. Fine wood and ergonomically shaped designer fittings give the rooms real style. Here, every element and every material is subordinated to the overall aesthetic concept, set off by soft light.

The interior of the Seafire C390 caters to your desires with the finest craftsmanship. And it adapts to the number of guests. Three double cabins and two bathrooms offer space for up to six persons. Make use of the extra storage cabin to store additional water sports equipment or use it as walk-in closet. Regardless of which variant you prefer, you are surrounding yourself and your loved ones with an aura of luxury.

The helm station speaks as clear a language as everything else on the Sealine C390. The controls are not only of the highest quality, but are positioned just where you intuitively expect to find them. It's the quickest way to give you a sense of absolute control over your yacht. So quick, in fact, that you might think you are one with the technology of your Sealine.

## MY SEALINE SAFETY CLOUD YOUR ENTIRE YACHT IN YOUR HAND

Everyone is talking about the digital future. But Sealine implements it – with the first cloud-based telematics system for series production motor yachts. You can access your boat's technical data and functions live via the mobile app or via the owner's area at [www.sealine.com](http://www.sealine.com).

Intelligent functions such as BoatMonitoring, eLogbook and eServicebook enable you to keep an automatic logbook, stay on top of all service dates and monitor your yacht seamlessly.

## SEALINE C390

TECHNICAL DETAILS

### CRAFTED WITHOUT COMPROMISE

Outstanding boating characteristics are part of the Sealine experience. From the shape of the hull to the engines, we have pulled out all the stops to ensure the C390 gives you special moments on the water.

### HIGH PERFORMANCE AND LOW NOISE

Choose your engines: VOLVO PENTA D4-300 or VOLVO PENTA D6-370. Get carried away by a top speed of 34 knots and 740hp of power.

### LAMINATED POWER GRID

The hull reinforcements of the Sealine C390 are elaborately laminated – giving you the advantages of a high-strength yacht with a reduced weight.

### DEEP V-SHAPED HULL

The Sealine C390 has a deep-V hull that cuts sharply through the waves. This means the yacht is exceptionally stable in the water, resulting in even greater boating comfort for you.

### VERTICAL STEM

The vertical stem, with its bottom corner, pierces through the waves elegantly. This, in turn, results in more comfort and higher boating pleasure.

Figure 14.14 illustrates a figure of a figure. In the top left, a small version of the figure is shown, with the caption "Figure 14.14 A figure of a figure." To its right is a larger version of the same figure, with the caption "A figure of a figure." The figure itself consists of two concentric circles. The inner circle contains the text "This figure is not a figure of a figure." The outer circle contains the text "Because it is not a figure of a figure." This illustrates the concept of self-referential statements.

## LIMITLESS VARIETY

---

## MATCHLESS QUALITY

The manufacturing quality of the Sealine C390 is a multi-sensory experience. Exquisite materials spoil the eye with every glance. A subtle scent of finest leathers blends with the pleasing feel of elegant woods. Anything you see or touch was masterfully handcrafted by superb boat builders. Enjoy an exclusive atmosphere that can only be created by the perfect match of sophisticated details.

EACH SEALINE IS  
ONE OF A KIND

With your personal selection of colours and textures, you transform your Sealine into a unique expression. Five deck variants are available for the deck alone. We also offer special materials for cockpit seats and sun cushions. For the interior you can choose between different furniture woods, upholstery and curtains, while underfoot, select from wood or carpet.

## GERMAN PRECISION AND PASSION FOR THE SEA. THAT'S WHAT A SEALINE IS MADE OF.

In 2013, the Sealine Brand found a worthy new home on the German Baltic coast. At our shipyard in Greifswald, we have perfected the interplay between state-of-the-art manufacturing techniques and skilled employees.

The outstanding people in our team perform their work with enormous experience, a deep understanding of the customer and great dedication.

In addition, we are thrilled to cooperate with our British partner Bill Dixon. Working closely with our in-house personnel, the award-winning designer is creating a new range of innovative Sealine models.

Above all, we believe that what holds true for the experienced boater, also holds true for us as boat builders. Beyond the individual skill, there is something which genuinely binds all of us at Sealine: A great passion for the sea.
