

## Written Report

**Pemba Sherpa**

**Teaching in Hile Nigale, Nepal**

**Report No 2: April,2022**

**Progress report for the April,2022**

### **Acts of work done**

- Took parents group for the picnic to celebrate Nepali New year
- Created wall calendar for the year 2022 with each extra-curricular program in each month
- Introduced a new cards games and stick games to students
- Conducted a successful and a meaningful welcoming program for Christine Hlade and his team
- Took initiative and guided students to maintain environment healthy every Saturday as usual.
- Arrange both new and old teaching materials by sticking the old ones outside the class to keep close to students' vision
- Continue teaching and guiding knitting skills with different knitting styles
- Prepared some friendship bracelets along with students to recall their learned skills on making them and to bring the gift to Austria and Swiss
- Recycled grocer/ daily used plastics by making pencil cases and cushions
- Completed teaching a cultural dance to parents along with two chapters of Buddhist text.
- Did shopping for some extra-curricular activities materials
- Did prepare a lesson for the entire May month to use in case I get to attend teacher training in Austria

### **1. What has been achieved?**

Above mentioned points are all achieved except parents pilgrims from previous month

### **What are the next steps?**

- Continuing knitting( building students to knit at least simple mufflers and socks)
- taking parents on a pilgrimage

- general health awareness education to parents
- Continue working on English grammar, especially on Tenses with writing diary entries, profiles, and incomplete Tibetan grammar in eight parts of speech
- Dictation contest which will conduct under the supervision of Isha Lama Miss in my absence
- Distribute or Issue new notebooks and pencils to all the students to start their new school year in Public school.

### 1. General remarks

Initially, I would like to mention the parents' pilgrimage trip to Halesi has to be postponed due to their busy workload. It will take three days I have mentioned in the previous report. It will be more likely to happen in the presence of both of us( teachers).

Meanwhile, I had to go to Kathmandu twice this month to proceed with the documents. Public schools had their final examination. They have a break for almost a half month. Therefore, we are running longer hours of classes in Community Learning Centre. That is from 10:00 to 3:00 pm, including their dining time. I have made lesson plans for the entire next month to leave with Isha Miss to apply them in case of my absence. We have started our school new year in Community Learning Centre. We have moved the grade 2 students with senior students.
