President's Report:

Hi All

Wasn't it fantastic to hear from our 2011 French exchange student Marie Elivre Lemaire direct from Cardiff Wales UK where she's doing her Masters of Law. Its amazing and very rewarding to see where these young people ended up in life after the exchange and hopefully we'll have a few more ex Exchange students join us over the coming meetings.

This week we have James Rees talking to us about life after his ABC children's program Giggle and Hoot, and how he has had to reinvent himself professionally during these crazy times.

Guys don't forget to touch base with Rob Maitz if you need any help with your social media/communication skills and jump onto one of his workshop programs, he'd love to help you better understand the world of Facebook ,zoom and computers in general.

Also please remember Ash's invitation to join in their 'Wellness program", just jump on their website for info re sessions and times.

Cheers

Shane

Frankston High Interact

An Interact Update...

On Monday we had our 2nd meeting for Frankston High Interact with 20 people in attendance. Joining me this week was Britt Kearney of Peninsula Rotaract, standing in for Sarah who was called away to a meeting. Britt is a Charter member and past president of Peninsula Rotaract, a former student of Frankston High and a current teacher at Mornington Secondary College.

We heard 2 minute presentations from all the students who nominated for leadership positions and that was followed by an anonymous online vote by the student members. Listening to the students is something I find inspiring and I think it is great that Interact will be able to further support the school's strong leadership development program across the whole Interact membership.

I am pleased to announce that the following people were elected:

President: Michaela Goggin (Yr11)

Vice President: Bethany Yeuong (Yr10)

Secretary: Kendra Rae (Yr9)

Treasurer: Amy Staunton (Yr8)

There was also a brief discussion about the group identifying its projects to move forward with and the sort of resources Rotary can provide or point them to, a discussion that will continue over the weeks ahead. During the coming week we will have the first Interact Board meeting and work is now able to progress on arranging for the Chartering of the Club with Rotary International.

Community Service -

Great attendance at the project Xchange meeting on Tuesday evening (16 on Zoom) including the Mayor and CEO.

The Frankston Library are running a number of programs supporting the community (Story Time, Online Tutorials and a Summer reading Challenge). They are also happy to have club brochures available for distribution and are looking at holding a membership day at the library for the service clubs.

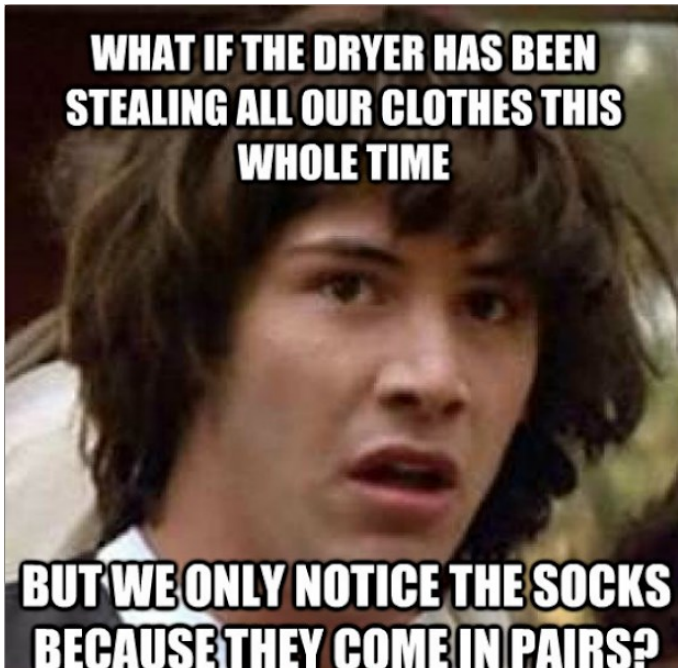

Council have post Covid recovery grants available, will get details for these.

Also the youth council is an area we should get Rotaract to contact.

Made mention of Soles for Souls to the other service clubs, need to put this on the Project XChange Facebook page.
