Please send the completed form by mail to info@current-raft.de. We will then send you a non-binding offer. The cost of a custom design and delivery by air freight is an additional 119€ per packraft. Delivery will be made within a maximum of 45 working days.

Delivery by ship (together with seasonal goods) is also possible. The delivery will take place in spring of the following year (order by August). In this case the surcharge of 119€ is not applicable **Thank you for your configuration, always safe paddling wishes you the Current-Raft Team!**
