It is my pleasure to take you to attractive tourism resources scattered in Nikko. I will prepare for your trip to satisfy your requests and provide you with the memorable tour. When I was a company employee, I lived abroad for 5 years in Los Angeles, 11 and a half years in Washington D.C. and 2 and half years in Brussels. Despite 19 year long stay abroad, I remain charmed by Japanese things, such as culture, custom, spirit, martial art etc. I am glad if I can be of help you understand Japan as well as Nikko through my guide. Because of my interest in martial arts, I own the third grade in Japanese archery, known as Kyudo, and the first-grade certification (4th grade from the top) of Sumo issued by the Japan Sumo Promoting Association.
