"Rock n Roll is not dead! As long as there are new young bands that bring so much joy, skills, drive and always sound fresh, I don't worry! If you don't feel anything, you definitely have no pulse..." (Rama Recording Studio Mannheim)

ROVAR from Münster (Germany) play energetic, straight riff-rock with bluesy influences. The 70's vibes can't be overheard and yet the songs of the young trio are modern and fresh.

The first EP with 5 songs was released in 2019. If you like honest, handmade rock music and you are up for seeing a band jamming live, you should check out the guys from ROVAR for sure.
