1. General remarks

As many parents have requested us to guide them to take them on pilgrimage, Halesi. This pilgrimage is famous for Buddhist and Hindus. Therefore, the localities are in-

terested to visit in a group under our guidance and accompany. It will at least take three days. Therefore, we are planning on it to make it happen. Moreover, Isha and I are getting along pretty well. Things are going well so far. As I have listed some of the objectives for the next month. However, things might get different according to spontaneous events.
