

# Enriched Air Nitrox Diver

This Program is designed to provide Sport Divers with a safer than air breathing medium for enjoying dives in the 40 to 132 fsw (12 to 40 msw) depth ranges. The diver may elect to dive the “mix” on EANx tables, or dive conservatively using air dive computers or air tables. The IANTD EANx Diver qualification may be taught as a single Program or combined with a variety of the IANTD Advanced or Specialty Diver Programs. The Program covers the use of EANx mixes in the range of 21% to a maximum of 40% oxygen.

How deep can you dive with the IANTD EANx Diver Program?

- No dives may be conducted to depths greater than the student’s previous qualification, or a maximum of 132 fsw (40 msw).

What do you need to enroll in this program?

- A minimum of 10 years of age.
- Must be a qualified Open Water Diver

What is the minimum materials requirements?

- IANTD EANx Student Kit

What this program must include?

- Academic Sessions
- Confined Water Sessions
- Open Water Sessions

Wherever you want to go, IANTD can take you there!!

One of IANTD differentials in the formation of any confident and safe IANTD Diver is our training philosophy known as:

- WATER
  - Wisdom
  - Attitude
  - Training
  - Experience
  - Repetition.
