LEGNO /WOOD

Il legno è un prodotto naturale. Ogni pezzo possiede un proprio colore e una propria struttura. Differenze di tono delle venature del legno non sono da considerarsi motivo di reclamo, trattandosi solo di possibili diversità di colore. Gli articoli acquistati in tempi diversi potrebbero rilevare differenze di colore e tonalità.

/Wood is a natural material. Each trunk has its own colours and structure. Differences in shade or brilliancy of the grains in our wood swatch collection are no reason for claims. Since wood is a natural material, slight colour differences could be possible. Solid wood parts cannot always be manufactured in the same characteristic. If items are bought in different times, there may be colour and shade differences.
