How can we make sport more gender inclusive?

Sport: Paddle Tennis

1. Did you think the sport was equally inclusive for boys and girls? Explain your answer.
 - We believe that Paddle Tennis is actually a quite inclusive sport for boys and girls, because there have to be mixed teams, no gender had disadvantages and the teams play together in a fair and respectful way.
2. What could be done to adapt/change the sport to make it more inclusive than it is?
 - We don't think that there is much to change since you already have to play in mixed teams and usually no gender has disadvantages
3. Which rules would need to be changed? Explain your answer.
 - In our opinion no rules need to be changed, because the sport is already very inclusive.
4. What effects would all these changes have - not only on gender inclusion but any other effects?

How can we make sport more gender inclusive?

Sport: Paddle Tennis

11. Did you think the sport was equally inclusive for boys and girls? Explain your answer.

- Yes, I think this sport is gender inclusive, because there are always two boys and two girls in a team.

12. What could be done to adapt/change the sport to make it more inclusive than it is?

- Sometimes it can be difficult to play as a girl against the other boy in the team. There could be more matches; girls against girls, boys against boys **and** mixed matches

13. Which rules would need to be changed? Explain your answer.

- No rules – maybe that the ball can not only be played diagonal

14. What effects would all these changes have - not only on gender inclusion but any other effects?

- There are more chances to get the ball and it would be easier

How can we make sport more gender inclusive?

Sport: Paddle Tennis

1. Did you think the sport was equally inclusive for boys and girls? Explain your answer.

I think the sport was equally inclusive for both genders. No one is left weaker.

2. What could be done to adapt/change the sport to make it more inclusive than it is?

Paddle Tennis would be nice, if the men don't strike as hard as they can.

3. Which rules would need to be changed? Explain your answer.

Everything is fine. Maybe the girls could let the ball bounce more often than the boys.

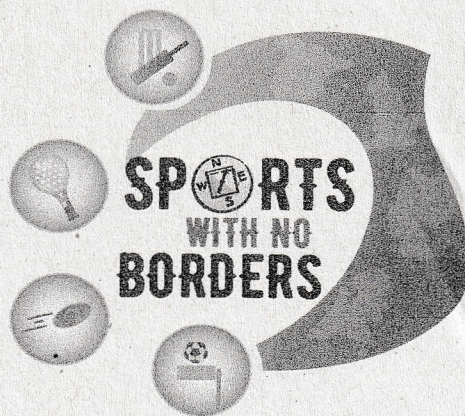

4. What effects would all these changes have - not only on gender inclusion but any other effects?

The boys would feel bad about it. They are not equally inclusive, but that's how gender inequality works.
