

DEAR ROBIN

Band Info

Dear Robin is a newcomer band from Rostock (GER) playing blues-rock and americana inspired music consisting of Pia Rademann (voc, git), Paul Haecker (git, voc), Florian Fischer (keys), Mathis Marks (b) and Keylipp Dallmann (dr). Catchy guitar riffs, sophisticated organ sounds and Rock'n'roll vibes is all that it takes to get your feet moving.

Their lyrics tend to be halfway true and halfway made up – short stories and dreams build the foundation of many Dear Robin songs.

Deeply inspired by 70s rock music and American songwriters these young musicians followed their drive to write and publish their first studio album called "Revelation" (September 30th 2022).

„Ein Markenzeichen und beeindruckend sind die mehrstimmigen Background-Vocals, die viel 60er-Flair verbreiten – dann rocken auch mal ein fettes Riff und Hammond Orgel fett nach vorne.“
– Gitarre und Bass (12/2022)

"A trademark and impressive are the polyphonic background vocals, which spread a lot of 60s flair – then a fat riff and Hammond organ rock boldly forward sometimes."

„... man meint, Bands wie Fleetwood Mac oder auch jüngere Generationen wie Greta Van Fleet herauszuhören...“
– Classic Rock Magazine GER (11/2022)

"... You think you can hear bands like Fleetwood Mac or even younger generations like Greta Van Fleet out..."

„Zwischen den Klängen von Bluesrock und Country versprühen sie Retrocharme und erzielen mit der Stilmischung Wiedererkennungswert.“
– Heuler Magazin (10/2022)

"Between the sounds of blues rock and country, they exude retro charm and achieve recognition with the mix of styles."

„Dear Robin haben hier ein wirklich stimmungsvolles, berührendes Song-Album mit Americana -Einschlag am Start.“
– Gitarre und Bass (12/2022)

"Dear Robin have a really atmospheric, touching song album with an Americana -influenced feel going on here."
