

# 

Palm Projects was founded early 2017 in Munich, Germany. The founder, Marco Kuegle, is a freelancer within the sectors Event-, Marketing- & Project Management. With focus on business events and modern concepts, it is a great pleasure to work with customers from all over the world, virtually or live onsite.

# SERVUS, I'M MARCO KUEGLE

I am supporting agencies, companies and locations for business events or creative marketing concepts. Offering a large network of service providers with more than 10 years experience, I created a wide range of know-how in various industries.

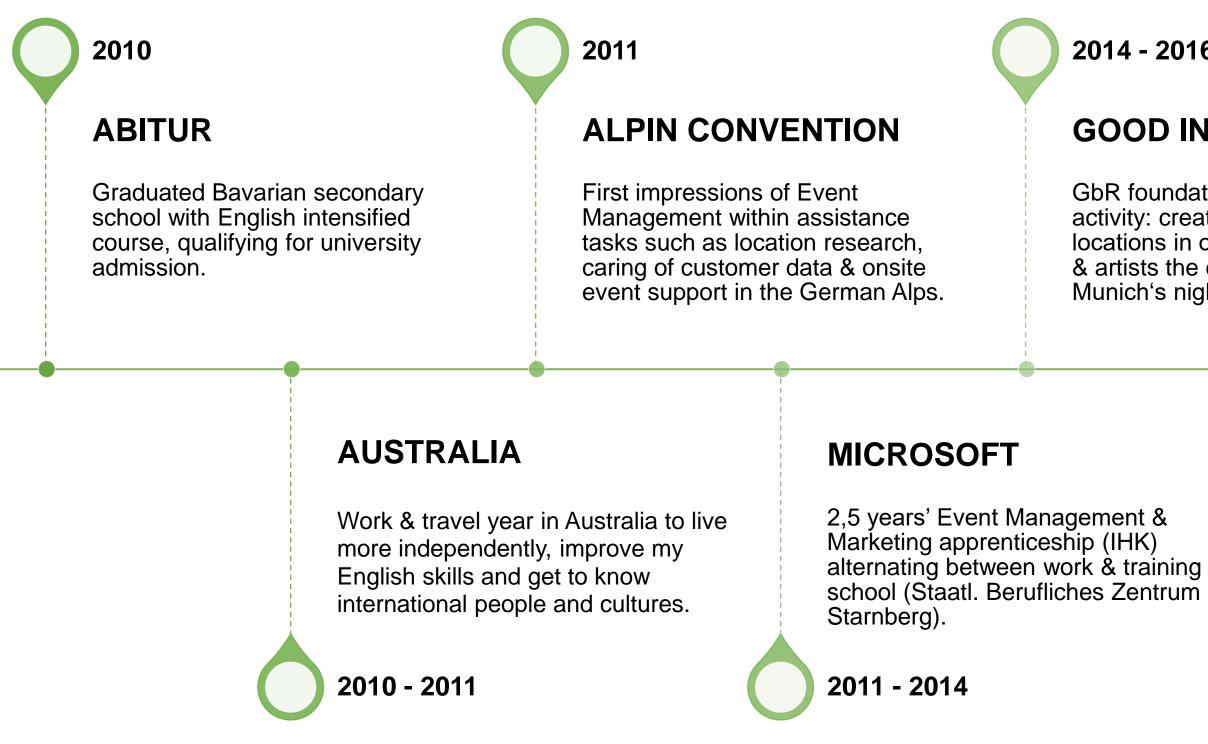

### MILESTONES

Have a closer look at my career and milestones before I started with Palm Projects. Let's go the next steps together.

# MILESTONES

#### 2014 - 2016

#### **GOOD INTENTIONS**

GbR foundation for part-time activity: creating events with special locations in order to give local DJ's & artists the chance to get into Munich's nightlife.

#### 2016 - 2017

#### PACT

Working as a Project Manager with high responsibility, I implemented marketing activities for the biggest new customer with English communication in retail marketing, sponsoring & creative ideation.

#### MICROSOFT

#### Working as a Junior Project Manager with focus on fairs, B2C events, incentives and online webcasts. The last 6 months I was the trainer of our new apprentice.

2014 - 2016

#### **PALM PROJECTS**

After creating a business plan, I founded a one-man business in order to work as a freelancer for agencies and companies, but also working on own ideas and concepts.

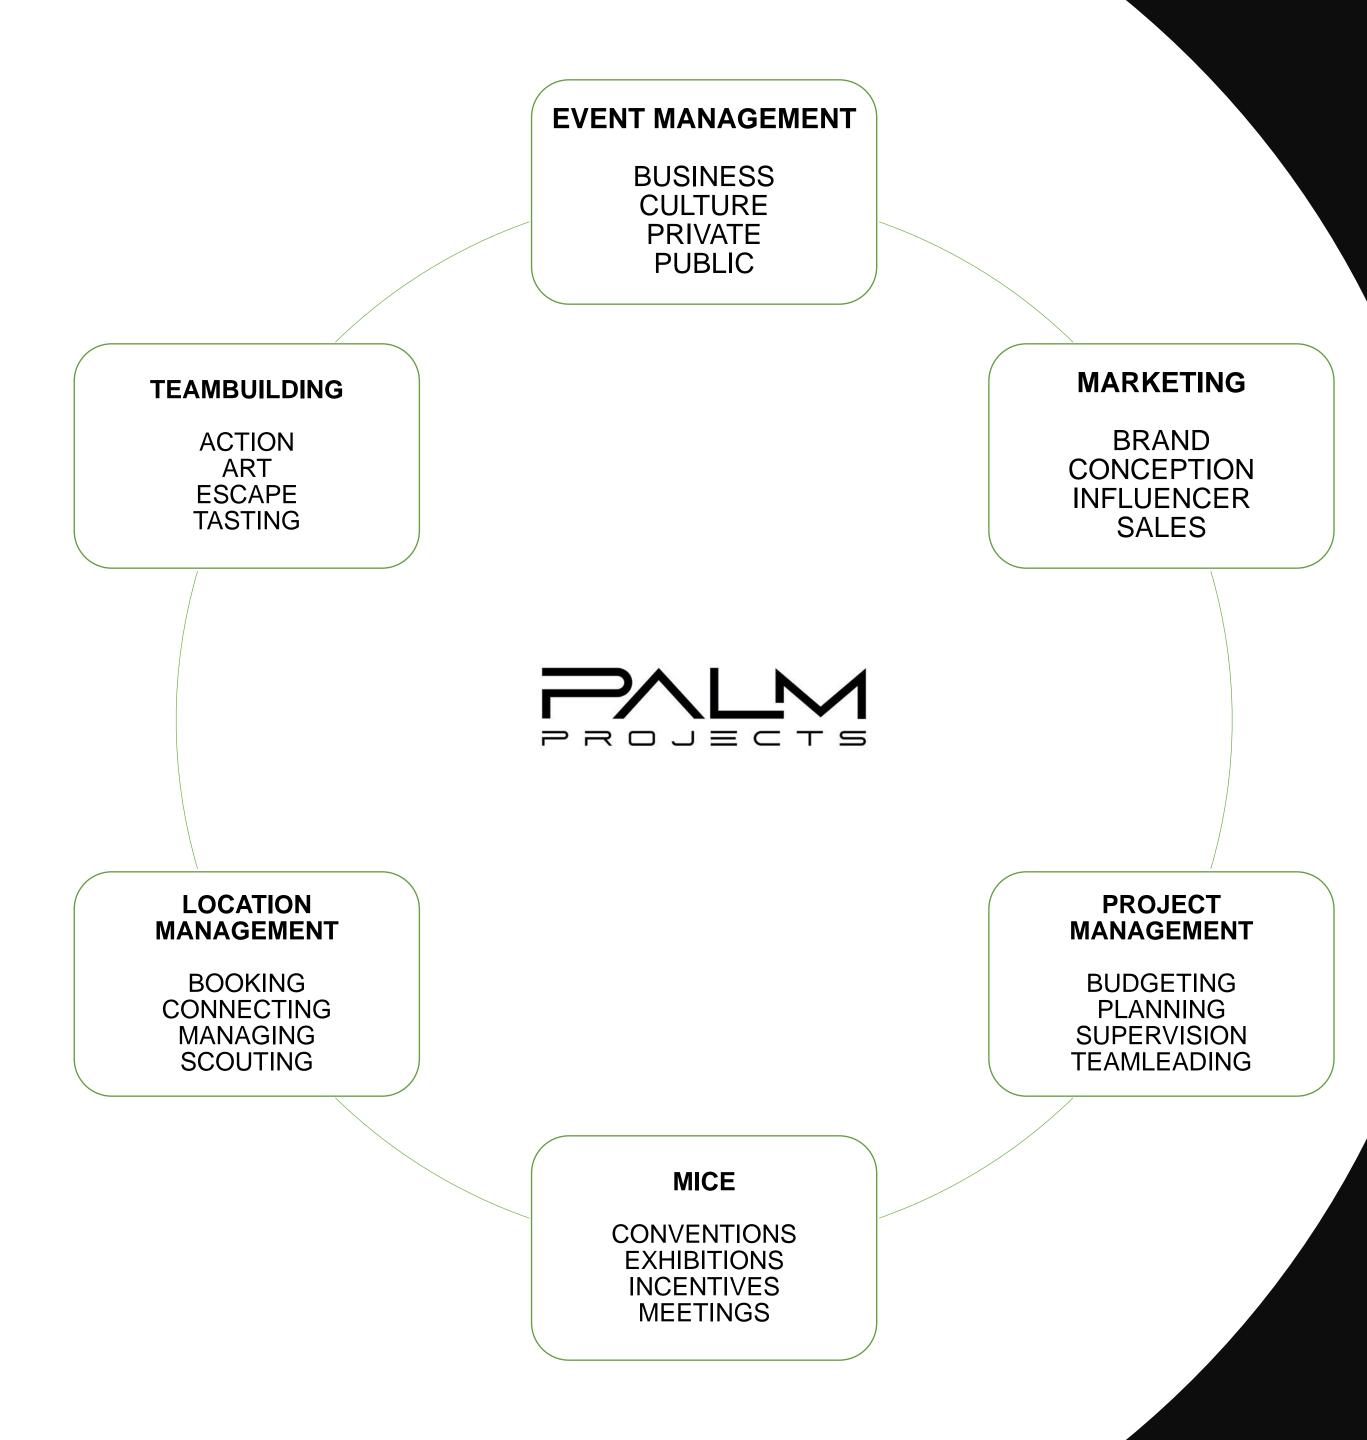

# SERVICES

Even as a one-man-show you can offer a wide range of different services. The Palm Projects guarantee: experience projects with a touch of premium & modernity.

### SERVICES

### In **2020** the event industry changed and got **digitalized** quickly. **Online meetings**, digital **platforms** or forward-looking **hybrid** events are no foreign terms anymore. Consulting, planning & implementation of **events** in a **virtual world** is now part of my everyday life. In the course of this, I can advice digital projects including tools

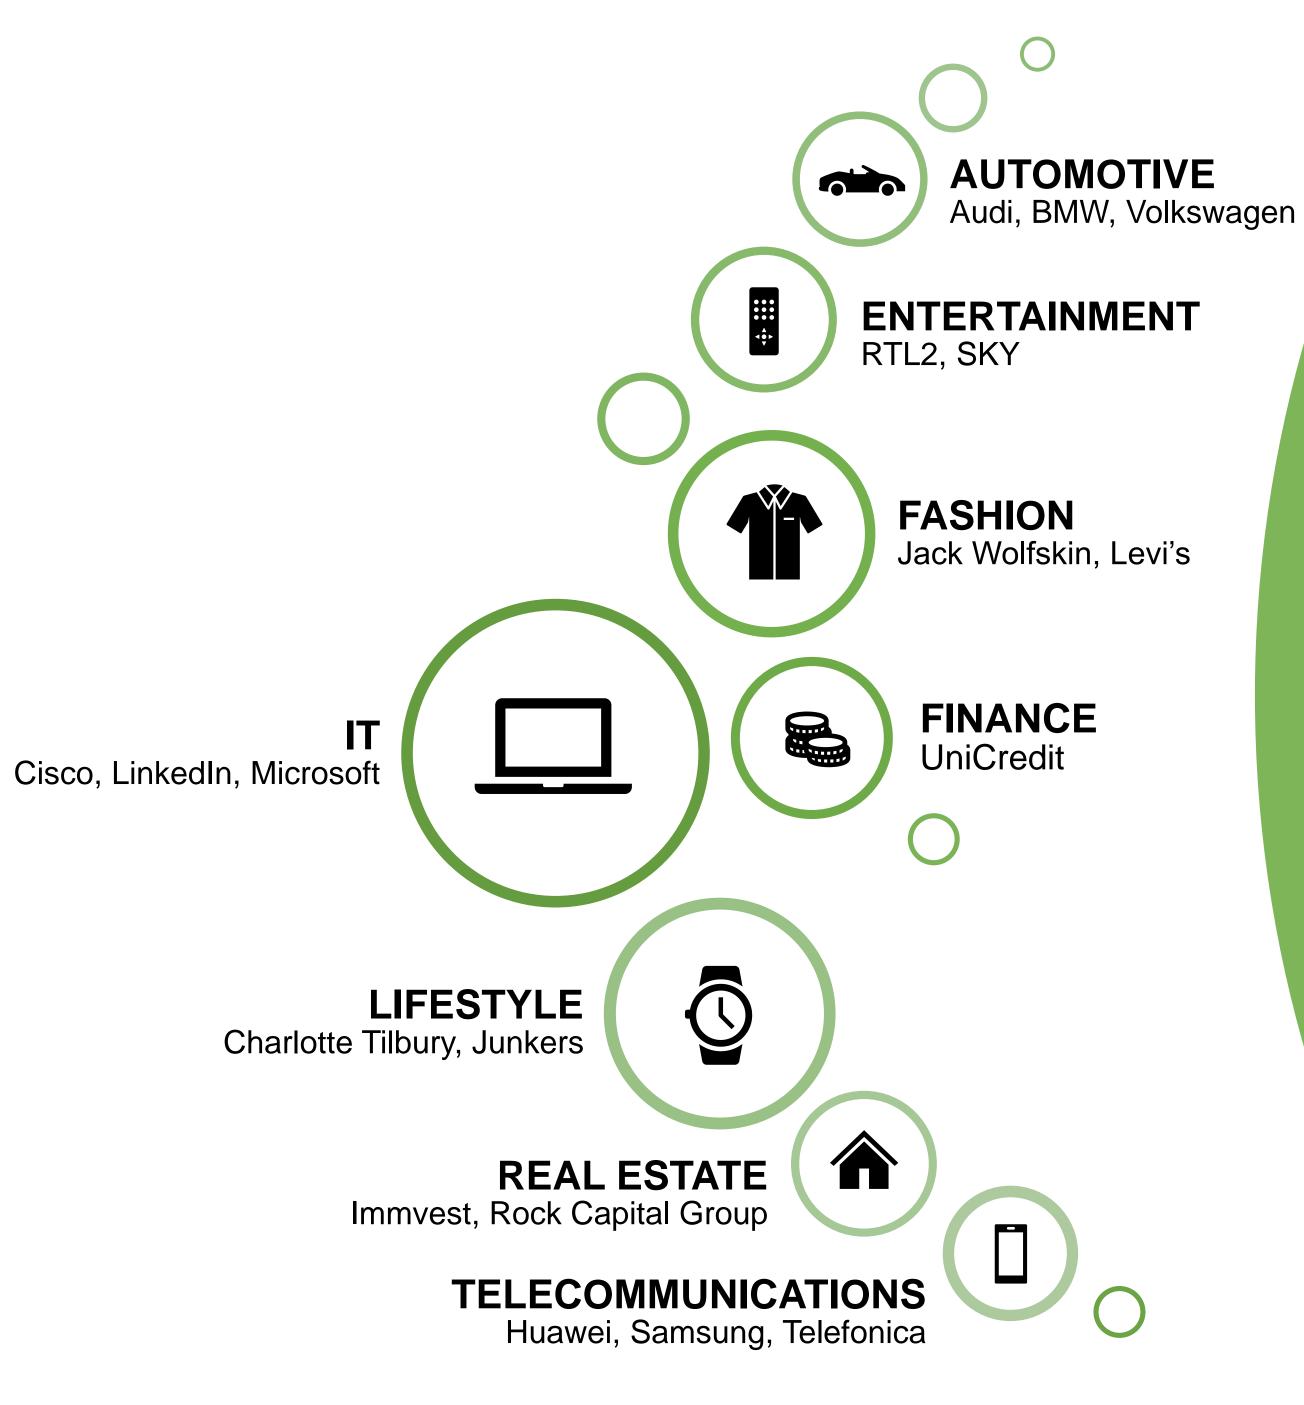

a virtual world is now part of my everyday life. In the course of this, I can advice digital projects including tools, online platforms, **technical setup** or **virtual concepts**.

### VIRTUAL EVENTS

### CLIENTS

From fashion to watch companies, the industry doesn't matter. It is the project that matters.

CLIENTS

Automotive Credit Conference

#### INHORGENTA MUNICH

### RREEN TECH TECH TESTIVAL

### **PROJECT SAMPLES**

If you click on the logo bubbles, you will get directed to public articles about the individual projects I was responsible for. These are just a few examples, and I am happy to give you more information about past / future events, experiences, do's & don'ts and the trend of the industry: live, hybrid or virtual!?
