# DESIGNING A WINNING CAR

...is more than the sum of the parts. It's more than  
sheer engine power, more than the finest parts.

**It's simply the  
whole package.**

# REAL PERFORMANCE

The SaReNI UNITED CAMARO GT3 comes with a powerplant that creates a new force unique to the GT3 world. The weight-to-power ratio is pushed even further by the consequent re-engineering of all body parts.

04

**engine** front-mid V8  
**displacement** 7,9l  
**power** > 650 hp  
**torque** > 800 Nm  
**weight** 170 kg  
**lubrication** 5 stage dry sump system  
**cooling system** water radiator  
**engine management** EFI Euro8 / 2D Data Logger

The frontmid engine delivers an outstanding amount of power.

- redesigned front bumper and fender made out of ABS (impact resistant thermoplastic)
- cost efficient spare parts
- lightweight carbon fibre hood with air outlets
- weight optimized doors
- adjustable carbon fibre wing

Intelligent engineered body parts help to keep the weight and the budget low.
