

# SAFETY APRON

ART #: 110N

**Safety apron for impact protection specifically designed for vets, farmers, AI technicians and professionals working with animals.**

The **veppe** Safety Apron combines an waterproof outer shell with an shockabsorbing inner layer: the protective material is soft and flexible for maximum agility and instantaneously hardens under sudden impact for excelent protection. Afterwards it returns to its original state. The protectective zone covers the chest, stomach, hips and legs up to the shinbones. The low profil and wide shoulder straps provide a high level of comfort.

Note: The harmful effect of impacts caused by animals can vary in their quality and strength. The CE symbol on the product demonstrates its conformity with regulation (EU) 2016/425. The product was tested and certified as a categorie 2 personal protective equipment by a notified body. In the impact test the mean of the residual forces was less than 18 kN and no single value was greater than 24 kN. The product provides a certain amount of protection, but cannot completely protect from injury. Therefore, the use of the product does not replace the application of appropriate actions to prevent defence movements by the animal. The product does not provide protection against injuries caused by distortions, overextensions, bruises, bites and stabs. The manufacturer makes no guarantees or representations, expressed or implied, regarding the extent to which the product protects individuals or property from injury, damage or death. Changes, erros and misprints reserved.

SIZE	PRODUCT LENGTH	BODYHEIGHT
M	105 cm	156 - 172 cm
L	120 cm	172 - 196 cm
