The Municipality of Torino

The City of Turin has rebranded its actions concerning coming generations under the name of Torino Youth. The involvement of young people in the processes of identifying their needs and interests and transforming them into policies is the starting point of the work of the Youth Policy Service. In order to give youth policies a wholesome view, projects are coordinated jointly by different sectors of the administration, working in synergy with each other: Youth, International Activities, Educational Services, Culture, Social Services. As a result, young people can easily orient themselves in the world of work, study, art, volunteer opportunities in Italy and abroad, and mobility projects in Europe.
