ECOQUAD-S

36V battery: better performance and less overheating

Battery replaceable in 5 minutes thanks to QEX quick extraction rail

More than 7 hours of run time

Power setting from 10% to 100%

4 hydraulic engines with hydrostatic braking system

High efficiency engine

ZERO EMISSION

Worky Quad ECOQUAD-S is a zero-emission machine.

The powerful 36 Volt battery with 3 year warranty moves the 4 next-gen hydraulic engines with very important performances for a 4WD hydrostatic drive and hydrostatic braking system.

The greasing system is easily accessible and is guaranteed on all the knuckles prone to greater wear.

Finally, the noise emission is zero, that means less stress for the operator and greater productivity.

Comfortable driving position with soft rubber side bumpers. Controls well-placed for an always safe driving without taking your hands off the handles. A widerange of attachments allowsto operate in many situations and various fields such as agriculture, construction, gardening, municipal and private maintenance.

Lifting capacity	Engine capacity	Hydraulic system
		
450 Kg. (with counteweights)	5,7 kW	18,5 lt/min

SSQ ECOQUAD-S LOADER
 Engine: Permanent magnets
 Revolutions per minute: 2500
 Battery Type: traction battery
 Voltage: 36V
 Battery capacity: 240Ah
 Drive system: Hydrostatic 4WD wheel motors
 Hydraulic tank capacity: 18 lt
 Standard tyres: 4.00-8 Forklift
 Steering: Skid steering
 Kerb weight: 850 Kg
