

LIGHT INFANTRY INTERNATIONAL

Customer Policy

We are determined to train „the good guys“. To ensure this we dedicate our training programmes to individual citizens, police and military forces in NATO-countries and cooperating nations. Most of our courses are situated in central Europe, mainly Germany and Poland, around the logistical centres of NATO's European defence organisation. Our LE / MIL – only courses can also be attended by reserve forces (national guard, army reserve, militia etc.) of approved countries.
