- R1:** * 3 sc in 1 st, slst 1
repeat from * till the end of the round.

R8: slst 1

- Stuff the wafer with fiberfill and sew it to the head.

DETAILS

- Use black embroidery thread to embroider the eyes and mouth.

CHERRY STEM

use green yarn

- Tape one end of a yarn thread to the table.

- Twist the other end of the thread in one direction until the thread starts to twist together in the middle.

- Pull the thread taut and hold it in the middle while you place the end of the thread in your hand, on top of the taped end on the table.

- Release the middle of the thread and hold the two ends on the table. The thread should now twist together to form a cord.

- Pull the cord taut once more. Then pull off the tape and tie a knot with the two ends so that the thread does not untwist again.

- The cherry stem should be between 1-2 cm long.

CHERRY

use red/pink yarn

R1: work 6 sc in a ring

R2: 3x [sc 1, inc 1] = 9 sts

R3: sc 9

- Pull the cherry stem through the middle of the cherry so that the knot is on the inside.

R4: sc 9

R5: 3x [sc 1, dec 1] = 6 sts

- Fasten off and leave a long tail for sewing.
- Stuff the cherry with fiberfill and close the open end.

- Sew the cherry to the head.
